Developers face irate residents

by SUSAN SAGE
Lakeland Newspapers

"How bad does it have to get?" Confusion and anger over sinking homes, required walking paths, and raw sewage in basements was the result of a special meeting Saturday between Northfield Development Co., Antioch's Village Board, and more than 50 homeowners of Pine Hill Lakes subdivision.

The real issue, however, seemed to be the credibility of the development company. Several homeowners argued that Northfield is guilty of telling the village one thing and the homeowners something entirely different. They felt Northfield had misinformed them and that their homes were misrepresented prior to purchase.

Many residents strongly objected to

village-approved walking paths because of their placement on private property, making individual homeowners liable for upkeep and insurance.

Some said the plans they saw included the walking paths for access to the lakes and parks only on the perimeter and common areas - not through private backyards.

Mayor Robert Wilton said, "We know there are problems out there and we're here to help you people." The board agreed there was a design problem but unless there is an alternate solution the walking paths would have to remain.

Several homeowners complained of structural problems resulting in raw sewage in their basements.

Northfield attempted to correct the

problem by installing lift stations and ejector pumps but the homeowners feel this system is inadequate and had they been informed prior to buying, they would have selected lots that would accommodate normal sewage hookup.

They raised the issue of health risks and the inconvenience of being unable to use the bathroom in the event of electrical failure.

Mrs. Peggy Savage quoted a Lake County health inspector as saying, "If your home was a public building it would be shut down."

The development company contended there were no mistakes, houses were built to specifications and approved, and that the situations were corrected.

Tom Cherrington of Northfield stated in

regard to the ejector pumps, "In my mind it's perfectly acceptable." The homeowners disagreed, saying it is "not acceptable" and that the "value of their homes is decreased" because of the pumps.

Also at issue are 10 homes that are sinking from flaws in the foundation. Northfield explained the foundations were built on engineer compacted fill and didn't settle properly due to last summer's drought and this year's excessive rain.

Ed Orlowski of the development company stated, "Ten homes have been identified, others are being monitored. We have started repairs on homes and need time to identify the problems and the solutions to the problems. We are not abandoning the subdivision or the homeowners. All repairs will be made. It's a regrettable situation but I assure you we will stand behind the product as long as we are able to."

The frustration of the homeowners was summed up by one resident who stated, "It's obvious there are some strong feelings here and they're legitimate feelings. The problem is, I think, that Northfield is committed to trying to satisfy us but as far as communication goes, there was a poor job done. I think they have laid out a plan and are committed to make it right. We've indicated the problems here today, let's give them an opportunity. I like it here. I have a belief that it can be made right. We need solutions and for us to sit here and throw mud, we're not moving ahead. Let's make it right. Let's make Pine Hill Lakes a place where we want to raise our families. All we want is honesty."

Rotary auction time nears

The Rotary Club of Antioch is planning its Annual Pork Chop Bar-B-Que Dinner and Auction, for Saturday, Sept. 30, at St. Peter's School in Antioch. Note the change in location.

The Pork Chop Dinner will be served from 5:30 to 7 p.m. and be followed by the auction.

Tickets for the event are \$15 per person and include the Pork Chop Dinner and entry in the door prize raffle.

Tickets may be purchased from any Antioch Rotarian, the State Bank of (Continued on page 8)

Boy Scouts galore

Almost 2,500 kids from the Boy Scouts of America Northeast Illinois Council flocked to the College of Lake County campus to participate in Rendezvous on the Lake festivities in Grayslake. The weekend event, chaired this year by former Chicago Bear and Eagle Scout Emory Morehead, is held every four years. Here, the Scouts get a lesson on Indian history. --Photo by John Vance

At A Glance

Ask football lights

LIBERTYVILLE—For the second time in two years, parents have appealed to the school board for a lighted football-soccer playing field. Two years ago a request by parents of football players met resistance from neighborhood residents objecting to the noise, traffic and possible vandalism. This week's request for a lighted playing field comes from parents of soccer players, who say they cannot see their children play weekday afternoon games. The \$40,000-plus cost of lights will be reviewed by the board's Operations Committee.

Hike boating fees

FOX LAKE—An average \$10 per boat hike in user fees is anticipated by the Chain O' Lakes-Fox River Waterway Management Agency in its 1989-90 budget approved earlier this week. The \$808,930 budget, which is 24 percent higher than last year, calls for a 31 percent increase in revenues from user fees—\$644,430 for the coming year compared to \$450,000 last year. This translates to an average \$10 per boat increase from fees that are now \$50 for large boats, \$25 for those less than 25 feet and \$10 for smaller ones.

Open House

LINCOLNSHIRE—The Vernon Fire Protection District will hold an open house Sept. 23 from 11 a.m. until 3 p.m. at the firehouse, 449 Milwaukee Ave., Lincolnshire. Members of the public are invited to take a tour of the firehouse.

Lake Zurich board approves recycling

LAKE ZURICH—The Lake Zurich Village Board has given approval to a plan that will start the village's first recycling program as early as February, 1990. The plan calls for the village to begin recycling newspaper, aluminum, mixed metal and tin cans, all three colors of glass and plastic milk jugs. The village will have the option to include office paper if the residential program is successful.

Wetlands rally

LONG LAKE—An area-wide "Save the Wetlands" rally has been scheduled for Friday, Oct. 13, to focus on potential damage to wildlife, the environment and water quality by plans to build a multi-use development at Lake Lure, an 880 acre parcel containing a 300 acre marsh connected by Long Lake by Squaw Creek. All interested persons are invited to attend the rally at 7:30 p.m. at Private Affairs Banquet Hall, Lake Shore Drive.

\$1,000 reward

HALF DAY—A \$1,000 reward has been posted by Publisher William H. Schroeder of the Vernon Crier and Lakeland Newspapers leading to the arrest

of the Half Day Cemetery vandals. Approximately 60 grave markers, some of them 150 years old, were damaged or destroyed. Information will be processed by Lake County Crime Stoppers at 662-2222 which preserves the anonymity of callers.

Recycling is great

LIBERTYVILLE—At the current 75 percent to 85 percent rate of participation in the recycling program, which began July 17, a predicted 1 million pounds of newspapers, glass and cans will be processed by the end of October. The proceeds will pay for recycling containers provided each household and subsidize the \$1.20 per month cost to each residence—regardless of participation—so that the monthly charge is only \$1.

Explain tax hike

GRAYSLAKE—The deadline is now," Grayslake Dist. 46 Supt. David Duffy said. Using charts and an overhead projector, Grayslake Dist. 46 representatives explained their case for an increase in the site and construction fund before a group of parents and teachers at Grayslake Junior High. With the slogan "Feelin' Good" on the wall at the opposite side of the gymnasium Duffy said the tax rate scheduled increase would mean a 15 cent increase per \$100 of assessed valuation. The district is seeking voters approval for a \$5.8 million bond issue Nov. 7.

Sewer expansion

FOX LAKE—Ground is expected to be broken Oct. 16 for the expansion of the North West Regional Sanitary System

treatment works located here. Sewage treatment facilities are being expanded to double capacity from 7,000 users to 14,000 users at a cost of \$23 million. Cost will be defrayed by a combination of state and federal grants plus \$8.3 million in water and sewerage bonds purchased by three underwriting firms Monday, Sept. 25.

Plans lawsuit

LAKE VILLA—Venetian Village Civic Assn. President Paul Combs announced this week that he plans to file suit against the West Milmore Homeowner's Assn. and its president and vice president, Tom Gawlik and Jeff Lieber respectively. Combs claims that West Milmore Homeowner's Assn. is operating illegally because a quorum of representatives voted to disband the organization at a December 1988 meeting. Combs says Gawlik and Lieber are illegally collecting, spending membership dues. Combs' suit, which was originally planned to be filed Thursday or Friday of last week, was held off after Lieber contacted Henry Marquardt, Venetian Village's attorney in the case. Marquardt said that Lieber offered to freeze spending and to get together to discuss the situation. Lieber says West Milmore Homeowner's Assn. has "no plans at this time" to meet with Venetian Village's Civic Assn.

Police chief resigns

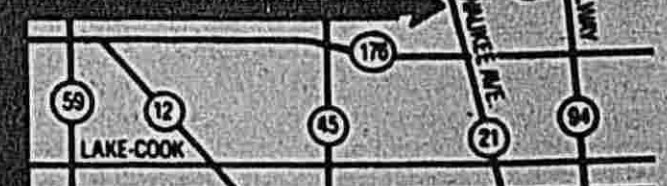

LINDENHURST—Lindenhurst Police Chief Gary Kupsak resigned late Tuesday night after being offered the chief of police position in Vernon Hills. According to Lindenhurst Mayor Robert Ratch, Kupsak, who was not available for comment, did not apply for the new position, but was approached by officials of that village.

Heinous violence is on-the-grow for kids

by GLORIA DAVIS
Lakeland Newspapers

In the State of Illinois, 367,000 juvenile crimes were reported from 1975 to 1987. Two-thirds of those were committed in Cook County. Over 95 percent of juvenile crimes are committed by males.

Juvenile crimes in Illinois are committed by a cross-section of races, with no race, minority or majority, holding a monopoly on crime committing kids.

The juvenile crime rate in Cook County has been on the increase by 10,000 per year through 1986.

Juvenile crime growth in the rest of the state has been going up by 1,000 crimes per year.

But here in Lake County, the juvenile crime growth rate is less than five percent from last year to this year.

"Here in Lake County our problem is not necessarily an increase in the number of juveniles charged with a crime, but there is a serious increase in the number of serious crimes juveniles are being charged with," says Mike Mortenson, administrative chief of the Lake County Juvenile Authority.

When Mortenson talks about serious crimes, he's talking about violent crimes, usually concerning assaulting people. Many times a hand gun is involved.

Bob Bingham, chief of Lake County Juvenile Court Services, agrees, adding, "We have a detention center where those allegedly involved in these 'violent' crimes are kept. We've always had some of those 18 beds empty. During the last year they have been filled on a full-time basis."

Bingham explains that most juveniles brought to juvenile authorities are handled by case workers through their parents, some with counseling.

Others, who still have to go through the juvenile court system, are out in proper custody and given psychiatric treatment while awaiting court proceedings. Probation is the usual road traveled.

Those denied probation and kept at the center are kept in custody until they can appear in front of juvenile authorities because "they are a possible threat to society."

More than half of those remanded to the center are accused of violent crimes, often involving the use of a dangerous weapon.

Last year, 1,100 Lake County juveniles were referred to juvenile authorities.

Most of these referrals were for minor infractions, runaways, minor thefts, gang fights, etc.

About 190 of these go through the actual legal workings of the county's juvenile system.

Right now in Lake County there are "children" awaiting trial for murder.

"It used to be," adds Bingham, "most of the serious crimes were attributed to the older teenagers," now we have veritable children, 14 and 15 years old, accused of heinous crimes.

There are those that blame the increase on the tv-age kids' constant exposure to violence on the movie screen, in magazines and on the home television screen.

Most law enforcement authorities will not rule these influences out as possibly being contributory factors to the drastic increase in violent crimes.

According to Bingham, two popular theories on the increase of violent crimes in Lake County are the fact that the City of Chicago is moving northward, and also that the drug-related crimes are growing in number because of the increase in drug use.

This often means that people who are

addicted and not in control commit money-making crimes to support their habit.

The megabucks involved in drug pushing also draws more drastic measures to protect the drug pusher's interest.

The word that Chicago's street gangs are heading into the northern part of Lake County could also mean the much heavier crime scene that street gangs have always been associated with has also moved into Lake County.

If crime spread predictions are correct, like adult crime, juvenile crime spreads with the population.

In the case of the predicted crime spread in this area, the law of gravity doesn't seem to apply, as the population moves up north, away from the city, into the suburbs, the move of both (population and crime) heads for the border and the State of Wisconsin, just like Illinois welfare recipients have.

The problem of Chemical Dependency doesn't go away.

When you pretend your teenager's drug or alcohol addiction problem doesn't exist, you're closing your eyes to a potentially life-threatening situation.

At Victory Memorial Hospital's Chemical Dependency Program we know that even though drug and alcohol addiction is a destructive disease, there is a high potential for recovery. Our team of clinical professionals conducts an extensive evaluation of every patient, assessing inpatient and outpatient options to develop a tailor-made, personalized treatment program. We use a renowned self-help based model of treatment with a proven record of success. In addition to individual and group therapy, we offer family therapy which encourages parents to become a part of the healing process.

Just hoping the problem of chemical dependency will go away by itself isn't enough. Take the first step toward getting your child back in the picture. Call us today.

Unfortunately, the alcohol and drug abuser often does.

Victory offers a full complement of treatment programs for adults and adolescents. For 24-hour immediate assistance or more information, call 312-360-HELP. Your call is completely confidential.

Briefs

Eye improvements

The Board of Education of Antioch Grade School Dist. 34 is conducting a comprehensive study on what educational services and programs the school can provide the community in the 1990s. Analysis with input from parents, students, staff, board and administration will be employed in the year-long study.

Back to school

The annual Antioch Community High School "Back To School Night" for parents is scheduled for 7:30 p.m. on Tuesday, Oct. 3. Parents will have the opportunity to follow their student's schedule of classes and meet with teachers in the Commons during a social hour at the end of the scheduled classes.

No resignation

Bob Brown, 16-year teacher of science at Antioch Upper Grade School, had intended to resign his position effective Aug. 31, as reported in last week's Antioch News Reporter. According to Antioch Grade School Dist. 34 Supt. Don Skidmore, Brown reconsidered and withdrew the resignation and is still teaching in the school district.

Manor North townhomes open

Antioch Mayor Robert Wilton, center, cuts ribbon announcing the start of sale of townhomes in Antioch Manor North, off of North Ave. Shirley Peterson, left of Wilton, and Mary Blazeovich, owners of Properties Unlimited, are realtors

selling 150 townhomes. Members of their staff and staff of builders of homes, Barr Const., Vernon Hills and Kocan Const., Wadsworth, also attend party celebrating sale kick-off. — Photo by Gloria Davis.

Arrest 5 on drug charges in Antioch-MEGS bust

The Antioch Police Dept., cooperating with the Metropolitan Drug Enforcement Agency, arrested five men as the result of a drug bust in a motel parking lot last week.

Arrested on drug charges were Guy Mouton, 22, Antioch, Richard Wong, 23, Antioch, Richard Stands, 25, McHenry, Joseph Wagner, 22, Round Lake and Robert Rymner, 22, Antioch.

According to Antioch Police Chief Charles Miller, his department had several of the subjects arrested under surveillance during a three-year drug investigation.

"We were suspicious of Mouton when he was just 19 and were watching to see if he was selling drugs to other kids his age, but it wasn't until he got older we could use an undercover agent to try and make a drug buy from him," said Miller.

Mouton, Wong, Stands and Wagner arrived in the motel parking lot off of Rte.

173 after a drug buy had been set-up by undercover agents.

Mouton allegedly gave the undercover officer two ounces of cocaine which he had priced at \$2,800.

MEGS agents and the Antioch Police closed in on the scene to arrest Mouton and the other three in the waiting car when Wagner bolted, leading the police on a foot chase to a fast food restaurant nearby.

He was tackled and taken into custody. Another ounce of cocaine was found in the car belonging to Wong and also some drug paraphernalia.

Armed with a search warrant, the Antioch Police went through Mouton's apartment and found no additional traces of drugs but while they were there, a car carrying three people stopped to visit Mouton.

The police confiscated open beer bottles in the vehicle, poured it out and sent the

occupants on their way with a warning. Not long afterwards another car driven by Rymner stopped by the Mouton residence on Blackman Terr.

Police saw a suspicious looking plastic bag stuck near the visor when they stopped the car.

A search of the automobile revealed 10 units of LSD. Police arrested Rymner but

released the passenger after questioning.

All five men were taken to Lake County Jail to await bond hearings. At press time, Mouton, Rymner and Wagner were still in jail.

Besides charges of possession of drugs with intent to deliver filed against all five, Wagner will face charges of fleeing and eluding the police.

Village talks to church about leasing parsonage

The Antioch Village Board has talked with the board of the United Methodist Church on Main St. about the possibility of leasing the empty old parsonage next to the church to be used for housing the Antioch Chamber of Commerce office, space leased to State Sen. Adeline Geokaris and the Antioch Tourist Bureau.

The space in the police station-village hall complex now used by these agencies is needed by the village.

Because of the building's unusual architecture and the fact that it is over 100 years old, Mayor Robert Wilton and the board are hoping to get tourism funds for the building's renovation.

The locally famous curved drive with the church and parsonage on a small hill, has long been a landmark in Antioch. Wilton says that this will add to tourist draws such as the sawmill and the Lakes Region Historical Society's renovated school building.

Wilton, Tim Wells and building inspectors Chick Carstensen and Bill Voss looked the building over, finding it in good condition.

A new heating plant, decorating and more parking on the village's property that runs on the right side of the driveway are on the list of needed improvements.

St. Peter's 'Footlights' set for Nov. 3-4-10-11

St. Peter Church, Antioch, has announced the dates of its annual fundraiser "Footlights." This year's performance dates are the weekend of Nov. 3, 4 and 10 and 11.

"Footlights" is St. Peter's largest annual fundraiser incorporating many local amateur and professional entertainers in 11 show rooms.

Attendees at "Footlights" will have the opportunity to see many new shows including "Rapid Transit," "C.A.B. and Company" and the return of some long standing favorites such as "Lip Syncing

With the Stars," "Duets" and "Grease."

There will be a variety of foods available from light snacks to full meals throughout the evening and into the early morning hours including a wide choice of beverages.

Advance tickets are now on sale at all Antioch financial institutions, Realty World-Tiffany and St. Peter's Rectory. Tickets will be \$6 for Friday nights and \$8 for Saturday nights, if purchased in advance and \$2 higher if purchased at the door on show nights.

Loon Laker fishes in Alaska

Gilbert Marchini, 30-year-resident of Loon Lake, catches 34-pound king salmon caught in the Kuitina River near Copper Center, Alaska. Marchini was visiting his son Jim, a 1961 graduate of Antioch High School, who has lived in Alaska for 20 years.

John Vespa, neighbor to count on

by LIZ SCHMEHL
(312)395-5380

This week's column is bursting with news, so pull up your easy chair and get out your reading glasses.

Lake Marie rescue

The day Bill Lepsi rescued those two fishermen on Lake Marie he had assistance from 81-year-old John Vespa. John has been a resident of Antioch for 50 years. He is very proud of his Italian heritage. Naturally, being of Italian descent myself I immediately felt we were pizzans. I love the slogan on John's favorite hat—"Old Italians Never Die, They Just Pasta Away!"

Not only did John assist Bill in that Lake Marie rescue, he also helped save a man after he drove his car through the garage and landed in the waters of Channel Lake. Who says people are afraid to get involved?

Thanks to the quick thinking of John and Bill, there are three grateful men around the town of Antioch. Thanks for calling, John. If I am ever in trouble on the lakes, I hope someone as caring and capable as you and Bill are nearby.

AARP All Stars Band

As I continue writing this column, I realize life does not begin at 40. Instead, I think it begins when one becomes a senior citizen—at least in the Antioch area. Our area seniors are on the go all the time. Another example of this is the AARP All Stars Band, Antioch Chapter 387. The band will be "going on the road" again this year. Their popularity increases with each performance. The officers of the band are Robert Allgire, director; Art Aerne, president; Clara Haling, secretary; and Lori Aerne, treasurer. Betty Henschel and Eddie Okoniewski are the choreographers, while Marcella Jesse and Verna Youlden make up the song and dance committee. Emily Novotny, piano, William Tomasik, accompanists. The remaining members of the All Stars are Agnes Allgire, Marie Beem, Vickie Bock, John Brennan, Ellen Courtois,

Bud Derkin, Dorothy Kuras, Irene Lingo, Phyllis Mengler, Fannie Okoniewski, Ruth Peterson, Dorothy Ruckford, Chuck and Marge Rytina, Jean Snyder, Dolly Spiering, Dorothy Stacho, Elmer Stephano, Sophie Trembay, Stella Weeks and Charley Youlden. Keep the band going, people, and in about 14 years I'll join you with my accordion!

Viking football
Once again the Antioch Viking Football League saw many victories on Sunday, Sept. 17. The Raiders defeated the McHenry Hornets 31-0. The offense did an excellent job running up the score, while the defense did a fantastic job holding their opponents at zero. The Antioch Lightweights had a win over the Winnetka Lightweights with a final score of 13-12. The Bears defeated Mundelein 12-7.

Channin Pulienik received a pass for the first touchdown. On defense, Tim Jenkins had an "almost" interception, but a teammate knocked the ball out of his hands. Jason Fugett went into the game to replace an injured punter and did an excellent job. The Sea Hawks defeated McHenry 1, 53-0. The first play was an interception by Deder Simek. Kevin Eckenstahler scored an 80-yard touchdown. Josh Ward scored 15-, 2- and 47-yard touchdowns. Jeff Gembara scored a 4-yard and a 9-yard touchdown. Chris Ramig, on defense, made an excellent interception and made another touchdown. The offense played an excellent game, while the defense did just as well, holding their rivals at zero.

The Antioch Heavyweights defeated the Winnetka Heavyweights 22-0. Mike Stephenson had an excellent game, scoring 2 touchdowns and kicking for both points after touchdown. The third touchdown was scored by Richie Weber, and once again the defense is responsible for the shutout. The score ended at 0-0 in the Eagles vs. Winnetka game. Jason Lesko ran down an opponent after a 60-yard chase to save the

touchdown. Mike Adamaitis and Joe Chacon made many great blocks on defense while Bob English, also on defense, made two key

names of Clara and GLS. When you get a chance, stop in to see if the new exhibit has arrived at the museum.

Hometown Goodies

Liz Schmehl

tackles. Congratulations once again to all players, all coaches, and parents for making a fine showing on Sept. 17.

Full moon affects Liz

Did you all notice the full moon on Friday, Sept. 15? I certainly did. I don't know if I believe in astrology or not, but I'm beginning to think there is something to the full moon theory.

It seems during a full moon people tend to experience certain behavior changes. The 15th was my closer-to-50 birthday, and to say I had a strange day or that I was in a strange mood would be an understatement. Even Luigi, my pet raccoon, noticed something was brewing when I gave him my entire birthday cake.

That's right, folks, the Lizard went off the deep end and fed her entire cake to a raccoon. When I put it in his cage, I swear he had a smile on his face. I am happy to report that I am back to normal (whatever normal is), and boy do I have a taste for cake!

Museum exhibit
The historical society will soon have a new exhibit, donated by Grass Lake School. It is a showcase of mounted birds. The birds were donated to GLS many years ago by Clara Haling. There will be a nameplate attached to the display, bearing both the

GLS PTO meeting

The Sept. 13 PTO meeting, "Taste of Market Day," and Grass Lake School open house was well attended. Guests were introduced to the 1989-90 PTO officers, shown through the school and given some tasty samples of the many delicious foods Market Day has to offer.

St. Peter's Church

St. Peter's Church in Antioch will administer immunizations every third Wednesday of the month. This service will be held in the church hall from 9 to 11:30 a.m. St. Peter is located on Lake St.

Methodist Church

The United Methodist Church of Antioch will hold a bazaar and luncheon from 9 a.m. to 3 p.m. on Saturday, Oct. 14. Lunch will be served from 11 a.m. to 1 p.m. There will be a bake sale, homemade candies and preserves, handmade knitted and crocheted items, holiday and tree decorations, a plant sale and a white elephant sale. If anyone has any useable items to donate for the white elephant sale, they can be dropped off at the church office. Please do not give any clothes or junk.

'Footlights '89'
No need to go on an expensive vacation on get away from it all. Instead attend St. Peter's "Footlights '89" on Friday and Saturday,

Nov. 3 and 4, and Nov. 10 and 11. The doors open at 6 p.m. Advance tickets are \$6 for Fridays and \$8 for Saturdays. Tickets purchased at the door will be \$2 higher for each evening.

Some of the entertainment Footlights has in store for us this year is Yankee Doodle Danny's, AARP All Stars Band, John Hopkins (magician), CAB & Co. (3rd, 4th), Rapid Transit (10th, 11th), Grease, The Amazing Schmengies Band, Casino, Ducts, PM&L Theater, and a complete restaurant (Unter Den Linden), featuring delicious German cuisine. Don't miss attending. Footlights truly offers an evening to remember.

4-H classes

The Lake Villa Saturday 4-H resumes following two successful sessions in the 1988-89 school year. This innovative education program is offered to Lake Villa students in grades three through eight. The Saturday morning sessions are scheduled to begin on Oct. 7 and are made possible through the joint effort of the Lake Villa School Dist. and the Univ. of Ill. Cooperative Extension Service.

Classes include babysitting, woodworking, photography, small engines, rockets, computers, trees and flowers, soil conservation, electricity and magnetism, cooking and baking, arts and crafts, entomology and Kids for Conservation.

If you'd like to volunteer as an instructor, contact Ellen Hoffer at (312)546-4623.

Parks/Recreation Dept.

Here are a few reminders from the Village of Antioch Parks and Recreation. The parks commission meets the third Wednesday of the month at 7 p.m. in the village hall. The programs all have definite starting and quitting times. Participants

should arrive about 10 minutes prior to starting and be picked up promptly when the program ends.

The Antioch Senior Center offers excellent programs, parties, classes, luncheons, one-day excursions and extended trips. Paul Howard urges anyone 60 years of age or older to visit the center to see what the facility has to offer.

Fire Prevention Week
begins the second week in October. On Oct. 14, from 10 a.m. to noon at the fire station. Take a tour of the station and see all the wonderful fire equipment on hand to service Antiochians.

GLS officers

The following students were elected as junior high class officers at Grass Lake School. Eighth grade: Tony Gardien, president; Jenny Santemmo, vice president; Alicia Corcoran, secretary; Missy Cole, treasurer. Seventh grade: Heather Burke, president; Rhonda Garwood, vice-president; Brandi Houle, secretary; Angela Burke, treasurer. Sixth grade: Greg Laube, president; Kelley Brausam, vice-president; Frank Nava, secretary; Ryan Jacobsen, treasurer. Congratulations to you all.

New faces at AUGS

There are some new faces on the 1989-90 staff at the Antioch Upper Grade School: Rick Larson, social studies; Ken Johnson, remedial reading/ computers/social studies; Sandy Eckerty, math; Tim Molitor, math/computer science; Roger Shule, art; Melissa Rutenberg, special needs/ Chapter I aide; Lorraine Lemke, cafeteria manager.

The AUGS principal's coffee will be held on Thursday, Oct. 12, at 10 a.m. If you'd like to attend, call the school before Oct. 10 to make a reservation.

FOOT FACTS From The FOOT DOCTOR

Dr. Winters

Dr. Griff J. Winters & Assoc.

Specializing in Reconstructive Foot & Ankle Surgery

MORTON'S NEUROMA

A pinched nerve in the front of the foot, usually between the third and fourth toes can be a torment, because the problem is deep in the foot there is usually no visible sign. There are however a number of clues that lead to a diagnosis of a neuroma.

1. Burning in the ball of the foot.
2. The feeling of walking on a stone or marble.
3. Numbness or tingling in the affected toes.
4. A sudden sharp pain in the forefoot that makes one want to remove the shoe and rub the foot.
5. Inability to be comfortable in most any shoe.

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a NO COST CONSULTATION to see if there may be an answer to your foot pain.

Goodies

(Continued from Page 6)
meeting was well attended. Some of the items on the agenda were the 1989-90 school budget hearing, policy adoptions, donation of bird display and a decision on the safety guidelines for the haunted house.

Board members Robert Mattson and Paul Kitto were absent from the meeting. Anthony Przeklasa, Supt.; Sue Anderson, secretary; and board members Donald Grob, Marie Brausam, Julianne Groh, Ardeen Harris and Judy Hansen were present.

The following visitors were in attendance: Sally Hiller, Liz Schmehl, Jan Litchford, John and Joanne Fleshman, Wally and Cheryl Henning, Dee Samson, Darlene Olenick, Debbie Mozal, John and Pam Cardis, Carl Dunfrund, Mark Franzen and Marilyn Bowen. I hope I didn't leave anyone out. There was lengthy discussion over the haunted house guidelines and the smoke-free school policy.

Etc., etc., etc.

On Thursday, Sept. 14, a group of people gathered at the home of Renate and Dick Wlezien. Renate and

Dick's daughter, Selena, was a perfect hostess as she presented the many beautiful household and gift items being sold by the seventh grade students at GLS.

The proceeds from these sales goes toward the students' eighth grade trip. What a unique way to conduct a fundraiser. It is so much better than having the kids go door-to-door. Great thinking, Renate. Thanks for the evening and the great idea.

So, Mike Chinn, how old were you on Sept. 23? If my mind doesn't fail me you probably celebrated your quarter of a century birthday. Right—wrong? Happy belated birthday from us all.

Pat and Bernie Olszewski of Antioch are bursting with joy over grandbaby Olszewski Number Two. Little Benjamin Phillip made his way into this world on Sept. 13. He weighed in at eight-and-one-half pounds. Congratulations to all the Olszewskis on this truly blessed event.

I would like to commend two young parents in our area on the behavior of their two little boys, Cindy and

Scott Marquart have a lot to be proud of.

Recently, two-year-old Tommy and four-year-old Christopher accompanied Marie Brausam and friends to one of the ACHS girls' volleyball games at the school. This came on the heels of an all-day garage sale, and the boys were both as good as gold.

Afterwards, the little tykes joined Marie and a group of ladies at Struggles for dinner. Their food was served last, as everyone else had the salad bar, and they sat quietly waiting for it to arrive. When it was finally served to them, they gobbled it up. It is obvious Cindy and Scott spend a lot of quality time with their sons. Keep up the good work.

CORRECTION

In a report on the Antioch Grade School Dist. 34 Board of Education meeting in last week's paper, it was reported that Upper Grade School teacher Bob Brown had resigned. Brown is still in his teaching position at AUGS since he reconsidered his resignation before it was accepted by the board.

Weddings

Shaffer-Koesser

Beth Shaffer and Tim Koesser exchanged wedding vows on Aug. 19.

Mr. and Mrs. Tim Koesser

Father Hanley of St. Peter's Church in Antioch officiated the double ring ceremony.

The bride is the daughter of John Shaffer of Antioch and Pat Melcher of Milwaukee, Wis. She is a graduate of Northern Illinois Univ. and employed as a software consultant for Greenbrier and Russel.

The groom is the son of Dick and Maria Koesser of Grayslake. He is a graduate of Western Illinois Univ. and a marketing representative for Town and Country Dist.

Cathy Shaffer was the maid of honor. Bridesmaids included Gail Koss, Monique Merkel, Barb Beetscher, and Lynn Ruefer.

Roger Korjenek served as the best man. Groomsmen were Gary Volling, Guy Ruefer and John Shaffer.

A reception for the newly wed couple was held at the Country Squire in Grayslake. A honeymoon trip to Clearwater, Fla. was taken. The couple plans to reside in Round Lake Beach.

Richter-Clayton

Charlotte Marie Richter and Kevin Joe Clayton were married on Aug. 12. Father Raymond P. Kupinski of St. Joseph's Church in Round Lake officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Gerald Richter of Round Lake Beach. She is a 1988 graduate of Grayslake Community High School and employed at Brody's in Rivertree Crt., Vernon Hills.

The groom is the son of Mr. and Mrs. Dillard Clayton of Antioch. He is a 1988 graduate of Antioch Community High School and is employed at Surgipath Medical in Grayslake.

Stacey Beshel was the maid of honor. Bridesmaids included Lenore Richter and Amy Kirk.

Dewey Clayton served as the best man. Groomsmen were Dan Roake and Steven Richter.

A reception for the newly wed couple was held at the VFW Hall in Lake Villa.

A Wisconsin Dells honeymoon trip was taken.

The couple plan to make their home in Round Lake.

Mr. and Mrs. Kevin Clayton

AUGS receives drug grant

Antioch Upper Grade School has received a \$10,000 grant from the Forest Foundation, Des Plaines. The funds were requested to help cover the costs of a Peer Leadership Program, and related counseling programs.

Forest Foundation, the

not-for-profit affiliate of Forest Hospital, Des Plaines, has distributed more than \$227,000 in grants to 31 schools and organizations during 1989.

Overall, since 1983, the Foundation has distributed in excess of \$1 million to more than 100 Illinois

schools, churches, civic organization and social service agencies. Such said, The grants have helped to fund numerous outreach activities, including research, education, peer leadership, peer counseling and substance abuse programs.

Attention Antioch Residents Here Is Your Chance To Call In And ASK THE MAYOR

Mayor Robert Wilton will appear live on Channel 30's "Ask The Mayor" program Thursday, October 5th at 6:30 p.m.

"Ask The Mayor" highlights a different Lake County community each month. The mayor will appear LIVE, the first Thursday of every month at 6:30 p.m., on Channel 30. The program will be repeated throughout the month at the following times: Saturdays, 9:30 a.m.; Tuesdays and Thursdays, 6:30 p.m.

ACHS Board OK's 11% budget hike, less pupils

After a public hearing on the proposed budget for the fiscal year of 1990, the Antioch High School Board of Education approved the budget of \$10,305,750.

This budget reflects an 11 percent hike over last year's budget.

According to ACHS Bus. Mgr. Ken Wierschem, the budget raises were caused by substantial increases in insurance costs, the cost of mandated special education, and the salaries of the substance abuse coordinator and those of the additional staff in place in the learning assistance program.

Dir. of Pupil Personnel Peter Pekarnin reported that the current enrollment at 1,651 shows a drop of 65 students under last year's starting enrollment of 1,716.

Supt. Gary Allen told the board that this

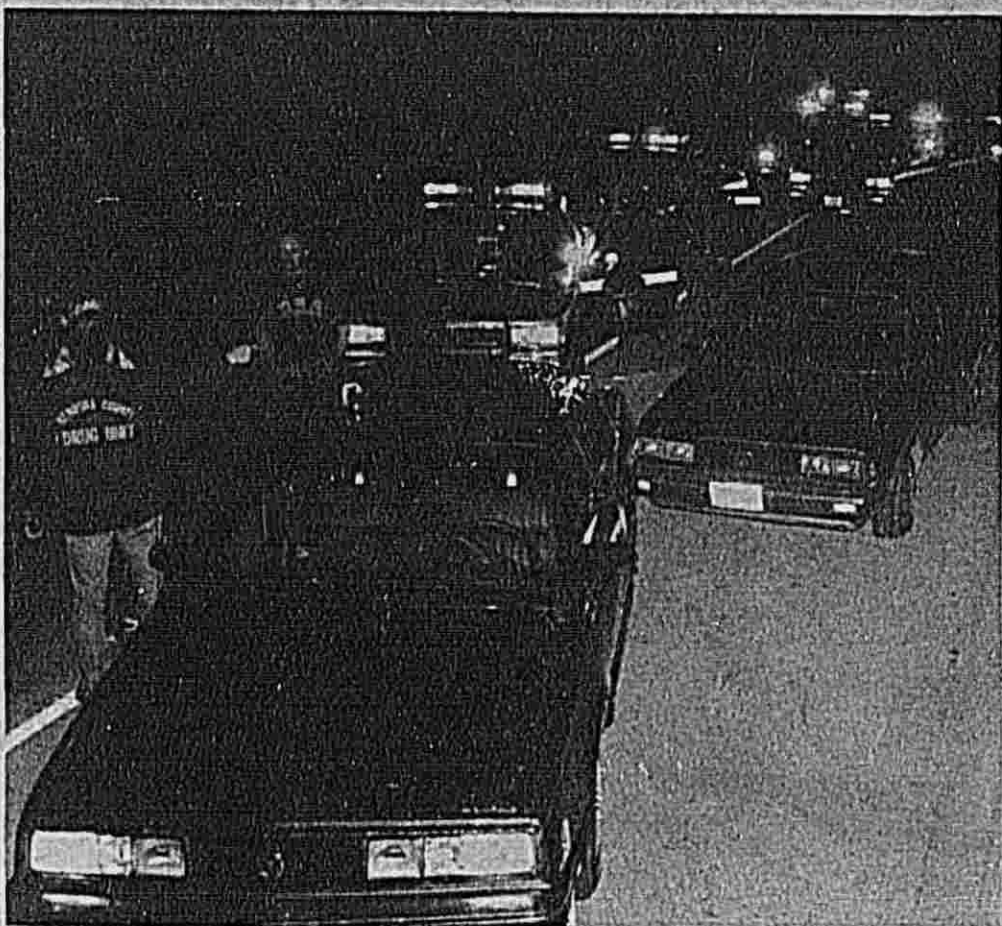

enrollment figure is expected to steadily increase throughout the school year as more of the many new homes under construction are completed in the school district.

Allen added that it is also expected that this figure could reach 2,000 in the early 1990's.

In other business, the board:

— approved the employment of Diane Peterson as a teacher for the learning assistance program.

— heard a review from Allen on the elementary/secondary articulation program for the 1989-90 school year. Area teachers of math, language, arts, science and social studies from local secondary and elementary schools will meet to strengthen these programs at all grade levels.

Highway drug bust

\$500 worth of LSD hits, reportedly on their way across the Wisconsin-Illinois border, was confiscated by the Kenosha County Controlled Substance Unit in the stop of a car on I-94 that had been reported to be transporting drugs. The car swerved and struck a highway divider and a squad car when it was stopped. One passenger, Brad Chaloupka, 21, Manitowoc, was charged with possession with intent to deliver. Another, Tracy Handl, 21, Manitowoc, was charged with possession of marijuana and the driver, Gilbert Moreno, 21, Manitowoc was charged with driving without a valid license and defective brakes.

Junior Woman's Club sells ACHS ornament

Antioch High School is celebrating their 75th anniversary this 1989-90 school year.

Antioch Junior Woman's Club has chosen Antioch High School for their third annual Christmas ornament. The art work is done by a local artist and the pewter ornament is made by Vallant Enterprises, Antioch.

These ornaments are a limited series and are sold at \$5 each. The proceeds from the ornament are donated to local charities. Also available are the 1987 ornament of

the Antioch Saw Mill and the 1988 ornament of the Old School House.

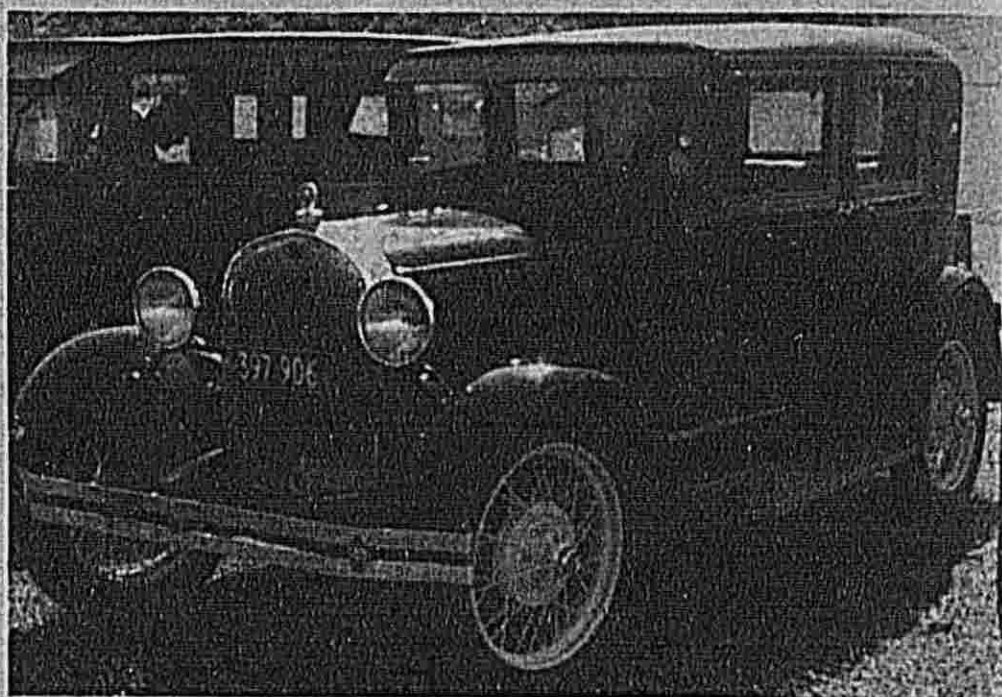

The ornaments are being sold at several businesses in Antioch and Lake Villa: Antioch Family Sports, Antioch Village Hall, Antioch Wall Covering, First National Bank of Antioch, Four Squires, Gilded Cage, the Globe, Johnson Jewelers, Osmond Insurance, State Bank of Antioch, State Bank of Antioch (Lindenhurst), True Value Hardware, True Value Hardware (Lindenhurst), Webb's Marina, and Country Coverings (Lake Villa).

Club plans Oktoberfest

The German-American Club of Antioch, presents its annual Oktoberfest on Sept. 30 at 8 p.m., at the VFW hall, North Ave., one-fourth mile east of Hwy. 83 in Antioch. Authentic music, dancing, food and drinks will be available. Join the club for an evening of "Gemutlichkeit." For ticket information call Dorothy Jordahl at (312)356-5484.

1990 Plan

The Board of Education of Antioch Grade School Dist. 34 has begun a planning program to consider an educational plan to improve all areas of the school system in the 1990's.

Antioch cars at show

Antique cars owned by Antioch residents were among those shown at Lake Geneva Classic Car Rally last year. This year's rally for the benefit of cancer research is set for Sept. 30 and Oct. 1, ending with the judging of the cars at the Americana Resort. Top car, 1930 Ford four door sedan is owned by James Mapleshorpe. Second car, a 1928 Ford four-door sedan owned by John Horan were there last year and are expected to be shown again on Saturday and Sunday.

Rotary

(Continued from Page 1)

Antioch, The First National Bank of Antioch and at the door.

The door prize raffle items are: a 30,000 BTU gas grill, donated by the Antioch/Lindenhurst True Value; a Sharp VCR, donated by Carey-Gilden Electric in Antioch; four tickets to the Chicago Bear vs Detroit Lion game on Dec. 10, donated by The First National Bank of Antioch; a men's navy blazer, donated by Jack's Four Squires in Antioch; a \$100 gift certificate, donated by Johnson Jewelers in Antioch and a color tv, donated by The State Bank of Antioch.

Winners of the door prize raffle need not be present to claim their prize.

Items in this year's auction include: several vacation and get-a-way trips, sport event tickets, group dinner parties, collectibles and prize winning Lake

County beef and pork.

Antioch, Lindenhurst and Lake Villa area and many area residents.

An additional feature of this year's auction will be a Silent Auction.

Proceeds from this annual event are used to fund the Antioch Rotary's Youth Scholarship Fund, which provides scholarships for Antioch High School college-bound seniors and the Antioch Rotary's Youth Foreign Exchange Program.

Auction funds are also used to support the many needs and causes of local churches, schools, local governmental agencies and other community service organizations.

This year's auction committee is chaired by Reed Ano, president of Colette Plumbing in Antioch.

Future Plans

The Board of Education of Grade School Dist. 34 is developing a \$10,000, 10-year plan for the expenditure of \$80-\$90 million on the district in the next decade.

PUBLIC NOTICE

PLEASE TAKE NOTICE that on the 23rd day of October, 1989, a public hearing will be held at 7:30 P.M., or thereafter, at the regularly scheduled meeting of the Village Board of Trustees of the Village of Antioch, 874 Main Street, Antioch, Illinois, for the purpose of officially changing the Land Use Map, which is part of the Comprehensive Plan for the Village of Antioch. That some of the property located within the corporate limits of the Village of Antioch may be affected by the change in the official Land Use Map of the Village.

Sara Lehn

Clerk

989E-050-AR
Sept. 29, 1989

Village of Antioch Residents

The Village of Antioch will be flushing hydrants between October 16 and November 3, 1989. Flushing will occur between the hours of 8:00 AM and 4:00 PM. It is advised that no laundry be done between these hours when flushing occurs.

Also it is advised that water be visually tested for rust before doing laundry. For information call 395-1881.

Village of Antioch

Long day comes to an end for Churchill

Editor's note: Lakeland Newspapers arranged to spend a day with Rep. Robert Churchill (R-Lake Villa). The following is the fourth installment of a series reporting a typical day during summer session with State Representative Churchill.

9:08—debate begins on what Churchill calls "the candy tax," which is a bill calling for a tax on the sale of all ice cream and candy. The tax money would go toward mental health facilities. Churchill opposes the bill because it is based on federal guidelines which have not yet been developed. He says that improving mental health facilities is a good thing, but problems would develop in voting for this bill with no understanding of what it actually means.

The bill fails by a few votes but, interestingly, most of those who voted for it now change their votes to "no," with the final margin 91 to 23 against the "candy tax."

9:15—a representative asks Churchill what the Senate tax vote means, and he replies, "A lot of work for me."

9:18—Churchill's fam-

ily leaves for their apartment as it is bedtime for Abby and Julie.

9:20—Churchill notes that the bills now coming up are not in the order that had been expected.

9:24—he decides to tell House members to be alert as to what bills are being considered on the House floor as the expected order of presentation has changed.

9:28—the House debate routine, already described, continues for the next hour with Churchill's pace of activity seemingly accelerating.

10:00—a page brings Churchill and others soft drinks and ice water that Churchill pays for. Throats have become very dry.

10:01—it is noted that the House members are getting rowdy trying to maintain their sanity as pressures mount and the representatives become tired.

10:15—Churchill says that sometimes the legislators rely on emotion and get punchy. Sometimes they are in a good mood and everything passes, while other times there are lots of arguments. So, he notes, late in the night things sometimes are done on emotion rather than on the merits of a bill.

10:29—several Republicans come over for advise

on minor upcoming bills.

10:30—Speaker of the House Michael Madigan takes over the podium. Churchill suspects this means that bills will come up that had not been expected.

10:31—a Churchill bill, dealing with changes in the transportation codes comes up and passes 109 to 4.

10:32—now that Madigan is in the chair debate is reduced; most bills have one quick explanation and, seemingly, a bill comes up every minute for a vote.

10:40—Churchill notes that the House has become very quiet and that everyone is in their seat. He explains the reason for this is that everyone is trying to figure out what is going on. "Something will happen," Churchill says.

10:44—he states: "We're all on battle stations. I am not going anywhere."

10:46—Madigan tries to bring the "candy tax" bill back, even though it failed earlier. The bill is identified only by its number on the House signboards, and unlike all other bills that day its contents are not described on the boards.

Madigan asks for a quick vote. Legislators, with a few exceptions, now know what is in it. As voting goes on, opponents of the

earlier bill realize this is the same "candy tax" bill and tell Madigan it had been defeated.

Madigan says he wants to bring the bill to a conference committee (with the Senate) and assures those now opposing him that the bill will come back in a far different and better form for the House members.

10:58—House adjourns

until 9:30 a.m. the next day (Saturday, June 24), which means that most legislators will arrive considerably earlier to study the day's legislation.

11:00—back to Churchill's office, where three people are waiting for him.

11:02—Churchill has to leave for a leadership meeting to discuss Saturday's agenda and other issues.

11:45—leadership meeting concludes.

11:50—Churchill walks out of the door of the leadership offices to go to his apartment.

12:05 a.m.—it is now June 24, and his wife and children are already asleep. Churchill in the quiet and cool darkness of the night goes walking before going to bed for the night.

Quick snack

State Rep. Robert Churchill grabs a quick snack (actually it's dinner) while reviewing some paperwork during the summer legislative session in Springfield.

Seek vandals who ransacked Vernon cemetery

by BILL SCHROEDER

When it comes to depravity and outright meanness, there might be something lower than a cemetery vandal. Like a child molester. But anyone who would desecrate a grave has to rank right up there with the scum of the earth.

Vandals who ransacked Vernon Cemetery in Half Day toppled century old obelisk markers and snapped off Civil War era limestone tablets. All told, 60 grave sites were damaged, including the writer's great-grandparents, Henry and Catherine Schroeder.

The mindless destruction simply can't go unpunished. I've posted a \$1,000 reward for information leading to the arrest of the vandals, that will be administered by Crime Stoppers. Information should be forwarded to the Crime Stoppers office in Waukegan at (312)662-2222. All calls are confidential and sources of useful police information remain anonymous.

As a local history buff, I'm intrigued by a great-grandfather who immigrated from Germany and prospered as Vernon Twp.'s shoemaker to acquiring three farms around Half Day, including some of the land on which Marriot's Lincolnshire now stands.

Great-grandmother provided bed and board for overnight travelers in what would be regarded as a country inn today. In those days, I suppose it was just a large house which, by the way, still stands on Milwaukee Ave.

Descendents of the pioneers who repose in Vernon Cemetery, a quiet spot that attracts deer and red fox, should be pleased to know that Vernon Supv. William Peterson and Vernon Hwy. Commissioner

Dave Anderson are doing everything humanly possible to repair the priceless links with our heritage. Broken tablets are being reset in concrete at ground level so marauders never again will be able to deface them. Vernon Twp. officially assumed responsibility of Vernon Cemetery in 1980. A few years later, the township took over care of Diamond Lake Cemetery.

Vernon Cemetery is the final resting place of several early Lake County residents who were born during the Revolutionary War.

It's up to the living to protect the tranquility of the historic spot nestled between two bustling highways.

NO YOLKS, FOLKS — Foulds Milling Co., Libertyville, is announcing a new no egg yolk, cholesterol free "egg noodle" called No Yolks. Only the egg white is used, according to Pres. Robert B. Storm, who described the product as containing durum wheat flour and corn flour to make the product as nutritious as regular egg noodles. Foulds considers No Yolks "heart-healthy."

HOT SPOT—Lake County Economic Development Dept. figures show little Long Grove is the top spot for sales per square foot of retail space. As a unit, the 45 or so Long Grove shops average a whopping \$300 per square foot, far in front of giants like Hawthorn and Lakehurst. It isn't surprising that the Long Grove shops also command correspondingly high rentals, ranging from \$12 to \$18 per square foot to be right at the top. The Economic Development Dept. pegs Long Grove shopper traffic at 750,000 persons annually.

ONE MAN'S FAMILY—Lisa, our daughter-in-law, is proving to be the member of the family with a green thumb. She took a small, sunny spot next to the garage and lavished TLC on a tomato patch that is now producing oversize fruit. And I didn't even tell her that homegrown tomatoes are a favorite of mine.

Sludge sites needed

Developers are beating the Chain O'Lakes/Fox River Waterway Management Agency in the race for sludge containment sites. If this competition can't be turned around, the agency will be unable to do the job for which voters put it into existence—dredge the 64,000 acre Chain and the upper and lower river to aid recreational boating and control flooding.

Engineer Frank Kudrna's report that eight of 22 proposed sites have been eliminated due to development is a sad commentary on efforts to improve water quality and better manage important waterways like the Fox Chain. Dredged material can't be dumped just anywhere. The agency and other dredgers must comply to strict rules laid down by the Army Corps of Engineers and Illinois Environmental Protection Agency.

It's no wonder that the agency so far has only been able to acquire one approved site, Ackerman Island near Antioch in three years of operation. Ideally, the agency needs one containment site every two miles. Dredges can only operate part-

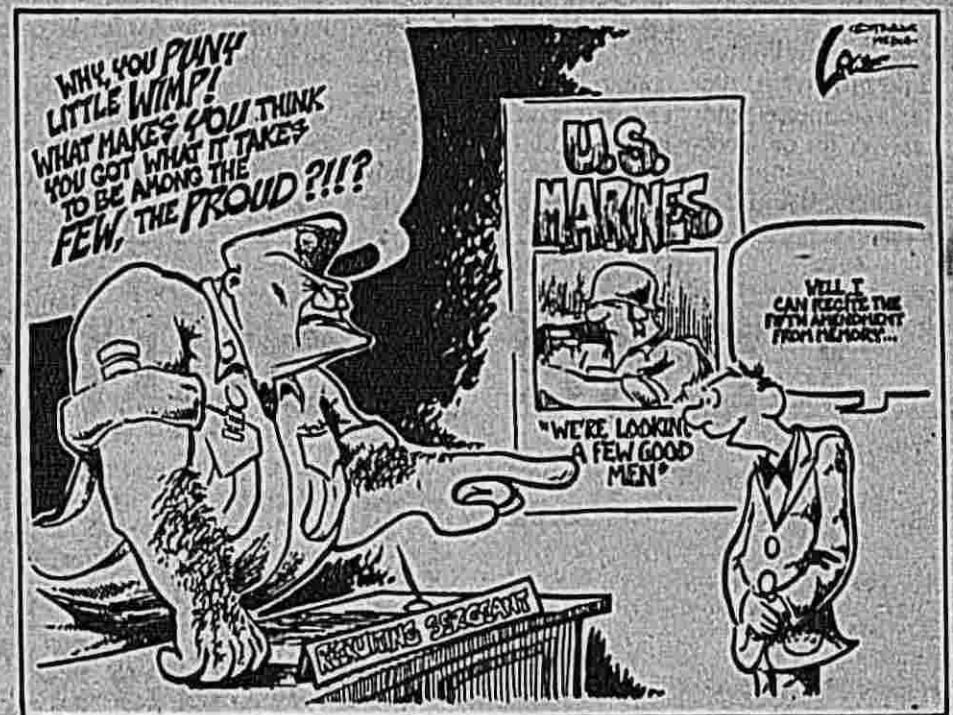

time to allow time for drying and water testing.

Agency officials have talked about condemnation to acquire approved depositories, but so have done nothing along this line, probably because the Lake County Forest Preserve Dist. has run into so much slack using the power of public take to acquire open space.

The agency would like to acquire another eight inch dredge and operate on the lower river during the winter where ice is no problem, but until more containment sites can be approved, it won't make any difference how much money or equipment the agency has.

It's a shame that the agency can't work closer with local and county officials to prevent building on potential and badly needed sludge containment sites. This is an example of officialdom working at cross purposes.

The Waterway Management Agency is the best and possibly the last hope for preservation of the Chain. It needs all the help and support it can get.

Letters To The Editor

Where war starts

North Chicago Mayor Bobby Thompson doesn't look upon himself as a pioneer, but he pushed through a project no other mayor has ever done, require drug testing of all municipal employees.

Spurred by his personal conviction that political leaders should be in the forefront of fighting substance abuse, Mayor Thompson achieved national recognition for the required testing. He admitted to

being pleasantly surprised that some 200 persons passed with nary a suspect.

How many other cities and villages would pass the substance abuse test?

In our opinion, Mayor Thompson and North Chicago are making the kind of statement that needs to be made. Waging a successful war against drugs starts at home, on main street and at city hall.

100,000 more people

Lake County is certain to exceed 500,000 population with the 1990 census and there is no end in sight to future growth and development. Planners are predicting the next decade will bring an additional 100,000 persons in Lake County.

Warren Wood, the county's senior planner for economic development, has an interesting way of describing what this growth means. Wood likes to start with Waukegan's approximate 75,000

population and add to it the equivalent of a Highland Park or a Libertyville-Mundelein, or the greater Round Lake area, or combined Lake Zurich-Wauconda. In other words, any combination of 25,000 or 30,000 population.

We'll let you do your own speculating on where all these people will fit and what kind of building will be necessary to accommodate them. Kind of chills your blood, doesn't it!

Gauge of character

Editor:

I would like to encourage all residents of Fremont Twp. to give careful consideration to the school referendum issue this fall.

Whether or not we have children of school age, this referendum has implications for each of us. Our support of our schools provides a gauge of the character of our community. We have been in favor of "open space," and against landfills; for whom are we saving our countryside? I like to think that it is for children, our future leaders. If we want to attract responsible, caring people to our community, we have to provide quality schools.

Education in Fremont Twp. will suffer if we continue paying with working cash bonds. Vote yes on Nov. 7.

Susan Zentz
Mundelein

Teachers need help

Editor:

Teachers need help! They are not super-human people. I teach pre-school, and we have two teachers per 20 students. I can't

even begin to imagine the frustration and strain on our teachers who are working very hard to accommodate the educational needs of every child. This makes quality education difficult and employees over-worked.

Teachers aren't asking for any more than what they deserve. Teachers have always been underpaid and overworked. I was appalled when I learned that our teachers put in a sizable amount of money out of their own pockets for workbooks and general teaching supplies. This is an outrage! Not to mention the incredible amount of extra hours they put in that they don't get paid for. They certainly don't do this for themselves, but for our children.

Donna Burton
Round Lake

Threat to senior citizens

Editor:

Our taxes are getting so out of hand that a stand has to be taken. Short of catastrophic illness, the teachers' attitudes and the teachers' union actions are the No. 1 threat to senior citizens.

T.P. Vaughan
Wauconda

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

Public servants come in every size, shape, description and temperament. They stand ready to serve those who elect them, pay their salary or otherwise keep them in office.

Just how responsive are our public servants? In most cases, pretty good from this reporter's point of view. Gauging from the time it takes to return phone calls, the public officials of Lake County are serving.

For those who aren't calling on behalf of the Fourth Estate, the results might be a little different. But everyone is supposedly equal when it comes to getting telephone time from the movers and shakers.

Following is the amount of time it takes these public servants to return a telephone call:

Circuit Court Clerk Sally Cofelt—Generally, no waiting or, at the most, two hours.

Coroner Barbara Richardson—When she gets to the office or two to three hours.

County Clerk Linda Hess—Just call. She's generally in.

Recorder Frank Nustra—Always in and might answer the phone himself.

Sheriff Clinton Grinnell—Talk to secretary Pat Mehlhorn or wait two to three hours, at the most.

State's Atty. Fred Foreman—Talk to secretary Donna Burnside or wait two to three hours until he returns.

Supt. of Schools Sybil Yastrow—If she's out, call her on the car telephone.

Treasurer Jack "Red" Anderson—Just call, he's there.

10th Dist. Rep. John Porter—Never in, talk to aide, Dave Kohn.

12th Dist. Rep. Philip Crane—Never there, talk to aide Jack McKenney.

30th Dist. State Sen. David Barkhausen—Leave a message.

31st Dist. State Sen. Adeline Geo-Karis—Call and talk anytime.

60th Dist. state Rep. William Peterson—If he's not in, aide Jan Zorbus will put you in immediate touch, either here or in Springfield.

Frank Nustra

Linda Hess

John Balen

62nd Dist. state Rep. Robert Churchill—Within two to four hours.

County Board Chairman Norman Geary—Catch him at home or he'll call within two hours from court-house.

County Board member John Balen of Waukegan—Rarely does. Maybe answering machine doesn't work.

County Board member Robert Neal of Wadsworth—After 6 p.m. or he'll call the next day in response to message on answering machine.

County Board member Jim Fields of Antioch—Always returns calls in afternoon.

County Board member Charlotte Kiesgen of Fox Lake—Afternoons when she returns from morning meetings.

County Board member Suzi Schmidt of Lake Villa—Catch her in the morning shower or wait until afternoon following morning meetings.

County Board member F. T. "Mike" Graham of Libertyville—Returns calls, usually the next day.

County Board member C. Richard Anderson of Barrington—Call in the p.m. except on Friday Forest Preserve Dist. meeting day.

County Board member Roberta O'Reilly of Long Grove—Afternoons are best. Early morn, not bad.

County Board member Bruce Hansen of Lake Zurich—Call during hours at Zion-Benton High School where he teaches. Forget trying his home.

That's enough for now. Next week the list of public servants will spotlight mayors, village managers and others.

When it comes to village board meetings, there is as much difference in the decorum and protocol as between the size of Lake Villa and Libertyville.

For expediency it's tough to beat the 10-minute break-away sessions of the Grayslake Village Board. Half-hour ones are marathons. The Monday sessions at 7:30 p.m. are great for Monday night football fans.

Mundelein and Vernon Hills always start at least 10 minutes late, depending upon who's in the bathroom or getting a cup of coffee. Vernon Hills trustees like to keep late hours, say midnight.

Mundelein hasn't, as of late. Both must have studied at the Colin McCrea (former Mundelein mayor) Saturday School of Meetings where four-hour sessions started at 9 a.m. and sputtered along between soda and sandwich breaks until well after noon.

Lake Zurich likes to have executive sessions soon after the 7:30 p.m. start of meetings, keeping the public and those with village business waiting until after 9 or 10 o'clock.

Libertyville starts promptly at 8 p.m. and runs a Roberts Rules of Order show. But like

Mundelein, the five-minute recess anytime after 9 o'clock takes 10 or 15 minutes.

Round Lake Beach does a good

job of starting on time and plowing through an agenda.

So does Fox Lake, which starts at 7:30 p.m. and gets immediately down to business before hearing from the public anytime between 9 and 9:30 p.m.

Lindenhurst does an efficient job, concluding with an "Anything else for the good of the order?" agenda in 1-1/2 hours.

Lake Villa and Antioch can, and often do, do their business within an hour or an 8 p.m. start.

Dumb Poll of the Year award goes to Jerry Cosentino, Illinois treasurer, who wants to be secretary of state.

His early September poll shows him defeating Lt. Gov. George Ryan (who wants the same job) by a statewide margin of 41 percent to 34 percent with 25 percent undecided. "...in traditionally Republican Cook County, Cosentino tramples Ryan 44 percent to 35 percent with 23 percent undecided." When these figures are combined with those of Chicago, the challenger says his landslide is 48 percent to 28 percent with 25 percent undecided.

For this poll 868 persons were contacted.

All of which is rather humorous. The election for governor, lieutenant governor,

secretary of state and other offices is 19 months away. People aren't planning that far ahead, nor do they know the players. But this was one way for Cosentino to get some ink.

One of the best-read publications in Lake County is off the presses. It is the biennial Reference and Year Book 1989.

Published every two years, it lists the name of elected officials from President George Bush to County Board members and Court House officialdom to all Lake County Democratic and Republican precinct committeemen plus their addresses and telephone numbers (except in the case of the president).

Printing of this year's 6,000 books was delayed until after the April municipal election. Now it's ready. Stop or call the office of County Clerk Linda Hess (312) 360-6660.

The price is right, too. It's free.

COMING EVENTS: Sunday, Oct. 1—Lake County Young Republicans first mini golf outing and lunch at the Fon-Tan-Blu, 300 N. Lake St. (Rte. 45 and Hawley St.), Mundelein, from 1 to 4 p.m. For \$10 tickets call (312) 623-0235. Sunday, Oct. 1, fundraiser for Charles Johnston of Round Lake, candidate for Dist. 4 County Board member, at Landmark Restaurant, 24436 W. Rte. 173, Antioch, 4 to 9 p.m. Tickets at \$20 each include free beer and hor d'oeuvres. Sunday, Oct. 11—Annual fund-raising dinner of Antioch Twp. Republican Club at Landmark Restaurant, Rte. 173, Antioch, with cocktails at 6:30 p.m. and dinner at 7:30 p.m. For \$20 tickets call Joan at (312) 395-2500. Friday, Oct. 13, reception for retention of judges Drew, Geiger and Scott, at Country Squire restaurant, Rtes. 120 and 45 in Grayslake from 5 to 8 p.m. For \$75 tickets that entitles holder to hor d'oeuvres and soft drink phone Kathy at (312) 244-3031.

Police preparing for flood of crack

by VINCE VITTORE
Lakeland Newspapers

Lake County law enforcement officials are preparing for an influx of crack cocaine in the next two or three years after being immune to the nationwide epidemic for the past several years.

Crack, the smokable and more potent form of cocaine, has been largely absent from the Chicago area until recently.

Los Angeles street gangs have controlled the trade of the drug in the past, but have been unable to penetrate the Chicago area.

However, Wayne Hunter, group supervisor of the Metropolitan Enforcement Group, said it is only a matter of time before the L.A. gangs reach agreement with Chicago gangs and open shop in the area.

"We've been aware for some time that they've been negotiating with the Chicago gangs," he said.

Police in some south suburbs are already reporting an increase in crack-related arrests and with it an increase in violent crime. Crack's price of \$10-\$12 per dose, in comparison to cocaine's \$25 makes the drug more attractive.

"I've worried about it for two and a half years," Hunter said. "Crack is nightmare. It turns middle class neighborhoods into battle grounds. I'm hoping my agency will be able to get a grip on it before that happens."

Despite its image of being a poor man's drug, crack has begun to show up in wealthy areas, Hunter said.

"I don't know if that's an accurate portrayal," he said. "It knows no societal parameters. I wouldn't totally rule out our finding it in some of our suburban richer neighborhoods."

While officials on the county level are preparing for an invasion of crack, officials on the local level will continue to do what they can, given their smaller force size.

Kildeer police will continue to work with MEG, but Chief Donald Martin said the size of his force will limit its ability to play a major role.

"Our activity is basically to support outside agencies," he said.

President Bush's recently announced plan to prosecute drug users as hard as dealers is being met with mixed reactions by local and county agencies. While local police continue to go after users, MEG's concentration will remain on dealers.

"At our present strength we won't be able to go after them (users)," Hunter said. "We work from hand to mouth. Even at our present strength we have a hard time dealing with all the dealing cases that come through here."

Even with an increase in force size, education must be a part of the plan, Hunter said.

Name of game
is survival for
Richardsonsby BILL SCHROEDER
Lakeland Newspapers

Saving the American family farm is more than an engaging political philosophy for the Owen Richardson family. It's a matter of survival—their survival.

The Richardsons, mother, father, two sons, two daughters-in-law and six grandchildren, endure the mixed blessing of operating a farm that "is in the path of progress."

In simple terms that means that their livelihood and land, that has been in the family since 1840, are targeted for extinction by growth and development.

Owen Richardson, 67, and his wife, Margaret, 65, already have begun an orderly process to transfer ownership of their 440-acre corn, soybean, hog and Christmas tree farming operation to their sons, Robert (Rob), 40, and George, 36.

Rob and George own all the equipment and livestock on a farm that produces 3,000 hogs a year and 45,000 bushels of corn during a normal growing year.

Their biggest concern isn't market fluctuations or droughts like the one in 1988 that reduced their corn yield to 9,500 bushels, but growing urbanization that threatens to engulf their agricultural way of life.

Two municipalities, Fox Lake and Spring Grove, are closing in on the Richardson Farm located on Richardson Rd. and English Prairie Rd. in Burton Twp. east of McHenry County.

The rooftops of a growing subdivision being built by a prominent Libertyville developer abut their north fence line. In an adjacent cornfield, the sounds of a nearby asphalt plant and gravel mining operation can be heard.

Now the greatest threat to their future has been a roadblock thrown up by the Village of Fox Lake for refusal to agree to the family's application for protected agriculture status as provided by Illinois statutes.

Fox Lake has jurisdiction because the farm lies within the one-and-one-half-mile sphere of influence. After an appeal by Mrs. Richardson and George, Fox Lake officials are reconsidering the vote that blocks the family's move for ag protection, good for 10 years.

"Money is not the issue. We have no desire to sell," remarks Rob, responding to viewpoints that land holdings are worth millions in today's market.

"It doesn't seem fair that a village seven miles away can dictate our future," remarked Mrs. Richardson, a tall and soft-spoken farm wife who tends a garden and maintains a watchful eye over other members of the family—daughter Jane Amundsen of Urbana, an early childhood development specialist at the Univ. of Illinois; Peter, a Beloit, Wis., school teacher; and Dale, a farm credit specialist living in Batavia.

The Richardsons, all U of I graduates, see wry humor in the fact that their neighbors at Springdale Trails, a neighborhood of fine homes in the \$160,000 to \$180,000 range, developed by Richard Brown of Cambridge Homes, Libertyville, look upon their hog farm (where 25 litters per month are born) as a

prime example of country living and desirable neighbors.

George stresses that modern farming methods are employed "so we can be good neighbors." He called upon his ag engineering training to design an electronically controlled, push-button feed supply system, and the Richardsons employ a liquid manure system several times a year (when the wind is in the right direction) to fertilize.

Without protected status, Rob, trained in agronomy, feels the farm is vulnerable to municipal costs like sewer expansion. George said the ag area designation will mitigate nuisance lawsuits that might be brought against farms operated near residential areas.

The Richardsons have friends around the world gained through visitations arranged by the U of I, Farm Bureau and U.S. Dept. of Agriculture for their progressive methods. Mrs. Richardson proudly maintains a guest book.

The Christmas tree operation, conceived by Owen, also is developing legions of friends for the Richardsons, who supply "choose and cut" customers with a wagon ride and hot chocolate during the holidays.

The trees, mostly Scotch pine and white pine, produced their first crop last year. Approximately 3,000 seedlings are planted yearly. The tree population now stands at 25,000.

The family takes immense pride in the fact that the first Richardson, an important English bricklayer, constructed the main part of the stately farm home north of Spring Grove before staking out the land holdings passed down through the generations to the present.

"We're farmers and we want to keep farming," remarked the patriarch matter-of-factly, "that's all."

Another irony pointed out by the Richardsons is that the family cemetery on English Prairie Rd., the last resting place of their forebears, stands between them and advancing Fox Lake.

Watching over their land

In top photo, with rooftops of nearby subdivision and a stand of field corn as a backdrop, Margaret Richardson and sons Robert, left, and George, look over progress of Christmas tree seedlings, a new venture for family that has been farming since 1840. Above, Ryan, foreground, and Kyle Richardson help their father, George, tend brood sows at gestation barn on Richardson farm. Boys are fifth generation members of the Richardson family, which is seeking protected agricultural designation for 440-acre farm threatened by urbanization. —Photos by William Schroeder

Seminar to review Medicare

By the year 2000, one in four people 65 or older will need \$50 to 200,000 for long-term healthcare. It's a staggering amount that neither Medicare nor regular health insurance covers.

Home Federal Bank for Savings, Waukegan, in association with Maga Ltd. Group, will sponsor a free seminar to

review current Medicare coverage and provide assistance in assessing individual needs regarding long-term care insurance. The seminar will be conducted Thursday, Sept. 28 at 1 p.m. and 7 p.m. and Thursday, Oct. 5 at 1 p.m. and 7 p.m. at Home Federal's Grayslake office, 202 Center St. For more information, contact M. Gordon at (312)699-4072.

Personnel

Craig Shoemaker

Craig Shoemaker has been appointed president of Continental Marketing, Phoenix, Ariz. Shoemaker and his CM Acquisitions partners acquired this diversified marketing services company on Aug. 15. Shoemaker received a bachelor of arts degree from Mount Union College, Alliance, Ohio, in 1967. He received a master of business degree from the Keller Graduate School, Chicago in 1982. Prior to his recent appointment, he was responsible for the worldwide original equipment activities for the Pirelli Armstrong Tire Corp. Shoemaker and his family have

lived in the Lindenhurst/Lake Villa area for four years and have been active in many youth, school, civic and church programs. They will relocate to the Scottsdale area.

Terry Culver

Terry Culver has been appointed construction manager at ILT Co., Inc. in Prairie View for both residential and commercial projects. Culver's responsibilities will range from oversight of all ILT construction projects to scheduling of the jobs and equipment. Culver had spent 11 years in similar capacities prior to joining ILT. Culver lives in Island Lake with wife,

Cindy, and children, John and Kacey.

Rick Paddock

Rick Paddock has been appointed Realtor associate at Realty World - Tiffany Real Estate. Paddock has lived in the Antioch community for 12 years. He was involved in scouting for seven years and has worked in retail sales for a number of years. Paddock has two sons, Joshua, 4 and Jeremiah, 2. His wife, Karen, is a full-time mother and housewife. Rick is a family man whose hobbies include family vacations, camping, bike riding and boating.

How to choose a financial planner

by TERRANCE R. GAERTNER

What is the best way to reduce my income tax burden? Are my retirement goals realistic? What must I do to realize my retirement goals? How can I structure my estate to maximize the amount my children will inherit and minimize the amount going to "Uncle Sam"? What are the best investments available in today's marketplace for a person with my risk tolerance? How much life insurance do I really need and what type of policy makes the most sense for me? How much disability insurance do I need? Is my homeowner's insurance adequate? Do I require excess liability insurance? How much should I be saving now for my children's education? What about...

The list goes on and on. Today's personal financial decisions are numerous and complex. They are also evolving. As economic situations and tax laws change, decisions we made in years past may not be appropriate today. How does a busy executive, professional or small business owner make informed decisions.

For most of us, the answer is simple. We just do

not have the time, training or discipline to do an adequate job managing our own personal finances.

For more and more people, the solution is to work with a qualified professional financial planner. This sounds like a logical and simple answer. The problem, however, is finding the right financial planner to work with.

Because the financial planning industry is largely unregulated at this time (hopefully that will change soon) you must know what to look for when choosing a financial planner. Remember that to develop a complete and accurate financial plan, you will have to be completely open with your planner. Here's what to look for:

You should start by looking at a planner's credentials. They may include one of more of the following:

—CFP - Certified Financial Planner. A designation awarded by the International Board of Standards and Practices for Certified Financial Planners. CFP's must have three years of financial planning experience and pass six examinations covering the disciplines of financial planning.

—ChFC - Chartered Finan-

cial Consultant. Offered by the American College, the ChFC is usually an extension (Life Underwriter) designation. The CLU designation is earned by life insurance professionals. To receive the ChFC designation, can-

didates must pass ten exams relating to financial planning.

—CPA - Certified Public Accountant. Requires a degree in accounting and passing a three-day exam covering accounting, auditing, auditing, taxation and law.

—RFP - The Registry of Financial Planning Practitioners. To be admitted to the Registry, one of the top credentials that a financial planner can earn, a planner must have one of the above designations and/or an advanced degree such as a MBA to be considered. They must then pass a four-and-one-half-hour practice knowledge exam, submit an actual planning case to a peer review panel, and have

six client references. Of the 250,000 financial planners in the United States, only 987 have been admitted to the Registry.

But credentials are only the starting point. One of the most important, yet of-

methods in practice today. —Fee only - the planner charges a fee and does not sell any commission products such as life insurance, securities, etc.

—Commission only - the planner does not charge a fee but expects you to buy the commission products through them.

—Fee and Commission - the planner charges a fee and offers commission products but does not usually obligate the client to buy those commission products through him or her.

I have heard strong arguments for and against each of the three methods of compensation. However, the most important thing is that you understand which method is being employed and that you are comfortable with that method.

Being comfortable with your planner is really the

single most important criterion in choosing a financial planner. While the planner's knowledge and experience are important, it is his or her personality and philosophy that will allow you to effectively interact with your planner and ultimately implement a plan that will get you moving towards your goals.

Your relationship with your financial planner may well last for the rest of your life. So don't be afraid to put some time in up front when establishing this relationship.

Editor's note: Terrance R. Gaertner, a Certified Financial Planner and Certified Public Accountant, is president of Chicago Financial Advisors, Inc., Chicago, a financial planning company.

This Way to Wealth

ten ignored steps, is to ask for and call several client references. Many people are reluctant to call references. It is, however, an essential step in the selection process.

You should then determine how the planner will get compensated for his or her work. There are three

Kids on Their Own at Home Alone

Children ages 8 - 12 learn how to care for themselves when an adult is not available. Includes first aid skills. Oct. 23 & 26, 6:30 - 8:30 p.m. Nominal fee charged. To register, call 360-2702.

Illinois savings institutions strongest in the nation

Richard Samuels, president of the Lake County Assn. of Savings Institutions, used a recent study compiled by the Office of Thrift Supervision to illustrate the fact that Illinois savings institutions are the strongest in the nation.

"The latest figures released by the government show that Illinois thrifts collectively generated profits of over \$56 million in the quarter ending June 30, 1989. That's much more than thrifts in any other

state," said Samuels.

The report released by the Office of Thrift Supervision -- formerly the Federal Home Loan Bank Board -- showed that the bulk of insolvent S&Ls and the vast majority of losses emanated from thrifts in the Southwest states of Texas, California and Arizona. During the same period Illinois showed a \$56 million profit. Texas thrifts reported a loss of over one billion dollars.

On a related note, Samuels, who is also president of the \$388 million Home Federal Bank for Savings, Waukegan, praised the new S&L legislation signed into law by President Bush which among other things established the Office of Thrift Supervision.

"The new law reaffirmed the vital role S&Ls play in providing housing for the American public," continued Samuels. "It also reaffirmed the fact that the full faith and credit of the U.S. government stands behind deposits in a savings institution."

Baxter elects three directors

Baxter International's board voted to name John W. Colloton, James D. Ebert and James R. Tobin as directors.

Colloton, 58, is director of the Univ. of Iowa Hospitals and Clinics and assistant to the Univ. President for Statewide Health Services. He has an extensive background in national and state health-care issues.

Dr. Ebert, 67, an eminent developmental biologist and scholar, is vice president of the National Academy of Sciences and chairman of the Government-University-

Industry Research Roundtable. He has served as president of the Carnegie Institution of Washington and the Marine Biological Laboratory in Woods Hole, Mass., and has taught at Massachusetts Institute of Technology, Indiana University and Johns Hopkins.

Tobin, 45, has been an executive vice president at Baxter since 1988 and heads Baxter's Global Businesses Group, which manufactures and markets blood therapy, diagnostics, dialysis and medical-specialties products to health-care markets worldwide.

Exchange Bank breaks ground

Vernon Hills Mayor Barbara Williams, left, helped break ground for the new Exchange Bank of Lake County facility on Rte. 60. Also participating in the groundbreaking ceremony were Vernon Hills Building Comm. Chuck Strand, middle, and Ira Kaufman, chairman, Exchange Bancorp, Inc. The bank hopes to open by November 1990. --Photo by Mike Pramshafer

EYE CARE

News, Views & Questions About Your Eyes

By

Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: Would you please explain to me what glaucoma is?

ANSWER: Glaucoma is a condition in which the pressure of fluid in the eyeball is abnormally high--higher than the eye can tolerate over a long time.

Loss of side vision and even blindness may eventually result if glaucoma is not treated. Fortunately, there are treatments which work: eyedrops, tablets, laser treatment and outpatient surgery.

Glaucoma is more common in people over 40, in diabetics, in blacks, and in people with positive family history.

FINANCIAL FOCUS

reported by Brosius D'Arcy

One of the best friends any investor has is time. It works for you yet charges nothing.

A simple time equation is worth considering. The more time you have, the less money you need to invest for future goals. The less time you have, the more money you need to invest for the same goals.

Take two individuals, both age 22. Both deposit \$2,000 annually into a fixed-income investment yielding 10 percent. Investor Number One begins making the deposits when he's 22 years old and makes them for eight years. Investor Number Two, however, waits until he's 30 years old to start investing his money and invests \$2,000 dollars each year for 35 years.

When both investors retire at age 65, Investor Number One's \$16,000 dollars has grown to more than \$812,000, but Investor Number Two's \$70,000 has grown to only about \$653,000.

Let time be your friend.

College slates salesmanship skills seminar

The College of Lake County Center for Economic Development will hold a four-part series called, 'The Bottom Line: Salesmanship Skills for Greater Profit.' Because the bottom line for

most companies is improving sales to increase profits, the seminar, which will be presented by Dr. Bill Cash, offers a variety of skills and techniques to assist sales forces in achieving that

goal.

Session I: Elements of Good Salesmanship will be held on Tuesday, Oct. 17 from 9 a.m. to noon. This session will identify the keys and universal benefits to selling anyone. It will also teach analysis of competition and making the most of products and services.

Session II: Closing the Sale will be on Tuesday, Oct. 24 from 9 a.m. to noon. The session will concentrate on reading signals and handling objections positively. It will also discuss 15 ways to close a sale.

Session III: Territory Management will be held on Tuesday, Oct. 31 from 9 a.m. to noon. It will teach time

management as well as four ways to prioritize customers and dealing positively with a customer crisis. This session will also offer tips on handling customer complaints.

Session IV: Improving Skills for Greater Profit will be offered Tuesday, Nov. 7 for 9 a.m. to noon. The discussion will include identifying and matching features and benefits, prospecting customers and motivation of the sales force.

All four sessions will be held at CLC's Grayslake Campus in Room C002 of the Conference Training Ctr. The fee is \$50 per session or \$175 for all four. To register, call (312) 223-3651.

Housing turnovers below nat'l average

Illinois homeowners are not as restless as some of their counterparts in other states, reports Chicago Title and Trust Co.

Alan Prince, senior vice president and Chicago central region manager for the national title insurer, says a national study that analyzes homeowner mobility reveals the turnover rate for owners of single-family and condominium homes in Illinois last year was 12.3 years compared with 11.5 years for the nation as a

whole.

The turnover rate is calculated by dividing the total number of owned housing units by the number of home sales in a given calendar year. Nationally, there were 59.3 million owned housing units and 5.14 million sales last year. In Illinois, there were 2.72 million owned units 220,900 sales in 1988.

Prince said the actual turnover frequency depends a lot upon timing and where the homeowner lives. It can

be affected by a number of factors, such as regional economic strengths or weaknesses.

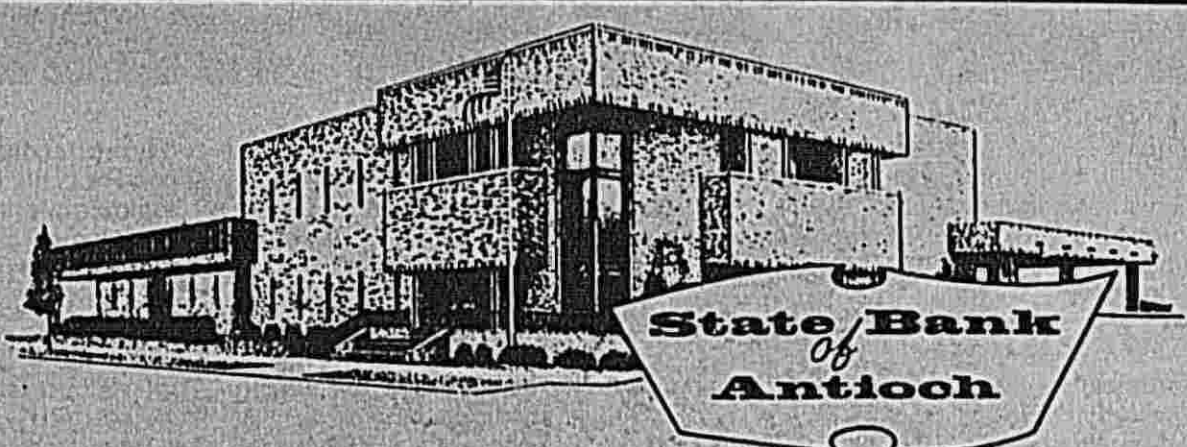

Century 21 schedules classes

The Century 21 Real Estate Academy has announced that five-week, pre-license salesperson courses will begin in October at various locations throughout the greater Chicago area.

Roger Peake, regional director of Century 21 of Northern Illinois, said classes are scheduled to

begin in Mundelein, Oct. 23; Gurnee, Oct. 30; and in Palatine, Oct. 31.

Information on any of the courses can be obtained by calling the Century 21 Real Estate Academy at (312) 692-2644 or writing the Academy at 9501 W. Devon Ave., Rosemont, IL 60018. Pre-registration required for all classes.

Awards success

Antioch resident Charles D. Strang (center), receives an American Success Award for his career achievements in the marine industry from President George Bush. President Bush presented the award during a Rose Garden ceremony at the White

House. Strang was one of 10 outstanding people chosen nationally for the honor. He is the chairman of the board and CEO of Outboard Marine Corp., manufacturer of Johnson and Evinrude outboards, as well as numerous boat companies.

Development has country atmosphere

Northfield Development Co. recently celebrated the grand opening of Phase III at their Pine Hill Lakes single-family community in Antioch by unveiling eight all-new floor plans.

Called the Country Home Series, these eight new ranch, two-story, split-level, and Cape Cod floor plans offer three and four bedrooms, two- to two-and-one-half baths, a full basement, and either an attached two- or two-and-one-half car garage as

standard. Base-priced from \$154,900 to \$209,000, these 1,568 to 2,912 sq. ft.

homes were specifically designed to complement the existing flavor of the resort-

like countryside and simultaneously serve a whole new market segment.

Country homes

Northfield Development Company has introduced eight new floor plans as the Country Home Series at Pine Hill Lakes in Antioch. Base priced from \$154,900 to \$209,900 these 1,568 to 2,912 sq. ft. homes were designed to serve the move-up buyer segment.

Lake Tahoe, the big lake in the sky

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

Having just flown in to Reno from Chicago, I felt my lungs could use some fresh air. I rented a car and headed south to Tahoe country.

South Tahoe is where Caesar's, Harrah's and the other major hotel/casinos are located. If you choose to drive there from Reno, you have two ways to go. The fastest, and easiest, is to take the four-lane Interstate Rte. 395, to where it joins Rte. 50, another super highway. It's about 40 miles and should take less than an hour.

I chose the more adventurous route. About 10 miles out of Reno, Rte. 431 branches off of Interstate 395 and heads west into the Toiyabe National Forest. You will climb to about 9,000 feet and be treated to crisp, clean air, the smell of pine trees and, once having reached the summit, experience a breathtaking view of Lake Tahoe.

Route 431 ends at Rte. 28, where you will head south to Incline Village. About another mile down the road is the original TV home of the Cartwright boys. Yes, this is the "Ponderosa"! The \$6.50 entrance fee is a little bit of a rip-off, but it's still a "must do" for someone of my generation.

From here it's about another 15 miles to South Tahoe. You will be following the shoreline of one of the most beautiful lakes in the world the entire time.

South Tahoe is on the border of California and Nevada. If you stay at one of the resorts on the California side of town, don't worry. The casinos offer free shuttle services to the Nevada side.

What does Tahoe have to offer other than top-name entertainment, gambling, fresh air, water sports and a clear, clean lake surrounded by snow-capped mountains? In the winter months, you will find some of the best skiing in North America in those mountains. But that's a subject for another column.

Film Review

The popularity of grisly horror movies has never ceased to amaze me, especially since it is the younger generation that seems to dote on fear, blood and gore.

This is the same generation that thinks "nothing bad will ever happen to me, I'm only in my teens."

I guess this fits in with many of this generation's unrealistic look at life.

"Relentless" is not billed as a horror movie, but a cops-robbers-adventure film.

The pace is fast, the acting creditable, yet this reviewer found the three murder scenes about as bloody and unacceptable as anything that Jason, Freddie or Michael might perpetrate.

Judd Nelson's "Our Gang" charm gives way to fuzzy hair and zombie eyes as he stalks people at random, trying in his poor twisted mind to murder his father, a not so wonderful parent image, over and over again.

The story is not new, but because of clever writing, it's very palatable. Fine camera work brings about the movie's biggest fault, the reliving of murder upon murder, almost from a first person viewpoint.

Since this is the kind of violence we shouldn't want our kids to see, let's give this a 2.5 out five. Even if the kiddies can't get in to see it at big theater prices because of its R rating, nothing's to stop them when its video tape time.

Be there

The College of Lake County will present the travel-theater production "Mexico: Legend of a Lost Crown," at 7:30 p.m., on Thursday, Oct. 12, in the CLC main campus auditorium.

On Tuesday, Oct. 3, the Marlboro Country Talent Roundup will take place at the Sundance Saloon on Rte. 176, just outside of Mundelein.

The Creative Arts Center of Nippersink will present the Crash and Burn String Band, at their barn dance, from 7:30 to 10:30 p.m., on Saturday, Oct. 7.

The 21st annual Illinois Questers Convention will be held on Thursday, Oct. 5, at the Country Squire in Grayslake. Workshops and a luncheon featuring a program by Lutheran minister, Rev. Anderson, will be the day's highlights.

Chicago's Lyric Opera will continue its 35th anniversary season with "Der Rosenkavalier" on Oct. 4, 7, 10, 13, 16 and 20.

Swing your partner at the First Annual Silas Pierce Memorial Barn Dance at the Lazy K Campground Barn in Spring Grove, from 7:30 to 10:30 p.m., on Saturday, Oct. 7.

A nature-loving family might enjoy bringing the entire family to learn about grasshoppers, crickets and other fall hoppers, at 1:30 p.m., on Saturday, Sept. 30 at the Volo Bog State Natural Area.

The College of Lake County will be presenting the travel/theater production of "Mexico: Legend of a Lost Crown," on Thursday, Oct. 12, at 7 p.m., in the CLC Main Campus Auditorium.

Don't forget that melodic trip through the nostalgic 1960s with the cast of Marriott Lincolnshire Theatre's "Grease"! One not to be missed.

Country Western gets 'Risky'

Lake County music lovers are high on Country Western and Blue Grass music so places like the Sundance Saloon, on Rte. 176 at Rte. 83, just west of Mundelein, draw crowds to

hear and dance to live country music on weekends. The band Risky Whiskey is slated to play there Oct. 8 and 9 at 9 p.m.

Players award 'best' of season

Awards for outstanding achievements were presented to members of The Kirk Players at the community theater group's annual awards banquet at the Lambs Country Inn in Libertyville.

Leslie Awards for outstanding performances during the 1988-89 Subscription Series Season are selected by votes from the Players, their season ticket holders and advertisers whose tickets are used in at least three of the four shows.

Carole Marie Fischesser, the group's former special activities director, was named Best Supporting Actress for her performance as the drunken mother in "Love, Sex & The IRS."

Although she has recently moved to Cincinnati, Fischesser, who also won last year's Best Supporting Actress "Leslie," was on hand for the presentation.

Thom Koch, Jr. of Vernon Hills and Jesse Becker, the group's financial director, shared the Best Supporting Actor "Leslie." Thom was cited for his performance as the son's best buddy in "DA." Jesse Becker won for his comic portrayal as the IRS man in "Love, Sex & The IRS." Both had previously won this award.

Best actor honors went to Tom Schrimpf of Round Lake for his outrageous performance as the buddy who pretends to be "the wife" in "Love, Sex, & The IRS." Schrimpf has previously won both best actor and best supporting actor "Leslies."

Already Kirk's most decorated player, Mundelein's Paula Willems added another best actress "Leslie" to her mantle. But this time, Willems, who already owns three best supporting actress "Leslies," two best actress "Leslies," a most

valuable player "Hazen" award, a "Mary Pearson" award and five "O'D" awards as best actress in summer workshops, had to share her award with Joanne Cowen of Camp Lake, Wis. Cowen, another Kirk veteran, earned a tie with Willems for her warm comic portrayal in "Squabbles." Willems was honored for her work in "Love, Sex & The IRS."

The presentation of the group's highest honor, their "Hazen" award as their most valuable player climaxed their 18th annual banquet. The "Hazen" award recipient is selected by the players themselves and recognizes backstage and administrative

contributions and an enthusiastic supportive attitude as well as on-stage excellence. Bob Thomas, the group's newly elected technical director from Barrington, was this year's choice.

Entertainment for the festivities was provided by finalists in the 1989 Lake County Fair Amateur Talent Contest, which is coordinated by the Kirk Players. Winners in the junior division, "Jammin' Hot," winners of the senior division, "His Majesty," and finalists, Lauren Melchiorre and Desiree Russell were loudly applauded for their performances.

Col Bill: Hunting least dangerous sport

As the spectator sport's cheering followers switch from baseball to football, we find ourselves in the middle of massive sport fan enthusiasm. Good baseball teams rack up winner records and football watchers are building up interest which gets a lot of them outdoors, as spectators and tail-gate picnickers.

Hunters are cleaning their gear and guns for the upcoming seasons. Make sure licenses are current and maybe touch base with the friendly landowners who provided use of their lands to non-resident hunters.

To participants in outdoor activities, the National Rifle Assn. (NRA) points out that fatal hunting accidents rate among the fewest, yet get great media attention.

The NRA states automotive accidental deaths in 1987 topped the danger list with 48,700. Falling was second with 11,300 and firearms recorded 1,400.

Those who play football, says NRA, face a possibility of accidental injury 3,000 times greater than hunting, and its shooting activities and firearms competitions.

On a per 100,000 basis, participants in hang gliding and parachute jumping

accidents are way up front—43 and 82 respectively, with limited participants, to be sure. Yet some 70 million law-abiding citizens own firearms and rank 12, or 9.2 among licensed hunters. This compares with 3,498 overall accidents in baseball and 28,801 in football.

Safety comes with good judgement, combined with adequate training and proper equipment. Most accidents are due to carelessness, not always that of the injured, so be defensive in participation.

As our annual boating season enters its final phase, the Chain O'Lakes Fox River Waterway Management Agency reports installing added navigational guides and safety improvements in the Chain's 10 lakes and accompanying waterways. New

this year are three dredging backhoes, a donated Accident Response Craft with related safety and survival equipment from several sources.

User fees from some 20,000 boaters on the Chain, were the original budget sources for the agency, no taxes! Four years later, however, the agency has become an administrative sponge which attracts other resources and retains support and services to combat water related problems, for public benefit.

They enlist and coordinate aid from other agencies, the Sheriff's water patrol, state conservation department support, Coast Guard Auxiliary assistance for water safety and education, and several legislative grants, plus allocation of special funds, services and equipment earmarked for their use. Their fourth year of progress is better than expected as they face growing future demands.

Since autumn has crept onto our calendar, trip planning includes fall colors. A special one day trip on Saturday, Oct. 21, called Rails to the River, will transport travelers by train from Chicago's Union Station.

Arrival at the quad cities, then a three

hour Mississippi River stern wheeler will cruise towering shorelines at the height of their colorful, postcard splendor. Following will be a historic tour of East Davenport are overlooking the river, the return via Amtrak supertrain, with stops at Joliet and Chicago. Call 1 (800)383-0283 for details.

Hoedown on Oct. 14

An old time barn dance the "Harvest Hoedown" will be held at 7:30 p.m. Saturday, Oct. 14, at the Park Dist. Building, 42 S. Seymour in downtown Grayslake.

In addition, just before the dance at 7 p.m., free lessons will be held. Come to the dance and enjoy a folk tradition that people of North America have enjoyed since the founding of this country. The admission is \$3 a person. For more information about barn dancing, call Uncle Roy at (312)223-2081.

What's Happening

Amateur photographers contest

Waterway agency joins joint study on Chain

by BILL SCHROEDER
Lakeland Newspapers

With some misgivings, directors of the Chain O'Lakes/Fox River Waterway Management Agency voted to join a joint study on problems of the waterway running from Wilmet, Wis., to Algonquin, Ill.

Chairman John Soffietti clamped a tight time limit on the study to be spearheaded by the U.S. Army Corps of Engineers.

"I insisted that the study start Nov. 1, 1989 and be completed by Oct. 31, 1990," Soffietti told directors at the monthly meeting at Fox Lake Village Hall. Lake and McHenry County officials

voted immediately to join the study, but Waterway Agency officials delayed a decision, pointing to other Army Corps studies that have dragged for years.

The Div. of Water Resources of the Illinois Division of Transportation (IDOT) will also participate. The agencies will contribute \$25,000 each to identify and evaluate wetlands, study impact of boating and reduction of sedimentation.

Directors adopted a budget of \$808,930 for 1990 that includes \$101,900 for wages, \$124,470 for administration, \$267,555 for operating projects and \$276,005 for miscellaneous expenses relating to water management.

The agency is non-tax supported, operated on user fees expected to total \$644,430 next year and a state grant of \$125,000. A total of \$21,000 was budgeted next year for fine income.

Soffietti gave the packed audience ample time to make budget inquiries which brought out that Ex. Director Al Moltrum's salary will be \$46,000 next

year and that \$25,000 will be spent to link the mainland with Ackerman Island, the agency's lone silt containment site.

The chairman clarified a question from Charles Haling of Antioch that the bridge would provide Cubs Cove Marina private access to the island. The state already has an easement to the island, according to Soffietti.

Farmland values down 10 percent

Recently issued 1990 Illinois certified farmland assessed values shows another 10 percent decline in assessments.

"Issued by the Illinois Dept. of Revenue to county assessing officers in May, the 1990 assessed values for farmland continue a decline that reflects a 1986 law. That law restricts the change in certified values to 10 percent from one year to the next," said Chicoine.

Chicoine, who is head of the U of I's Dept. of Agricultural Economics and a leading authority on local

property taxes and government finance, the decline in farmland assessments will continue until 1992. At that time, farmland assessments will drop to 47 percent of the peak reached in 1981.

In spite of the decline in assessments, the Illinois farm sector pays about 10 times more property taxes than does Illinois as a whole when taxes are compared to personal income.

"A common measure of property taxes used to compare conditions among states is the taxes paid per \$1,000 of personal in-

come," Chicoine explained. "For the five-year period from 1983 to 1987, Illinoisans paid \$36.02 in property taxes for each \$1,000 of personal income.

"However, for the state's agricultural sector, the amount was \$334.59 for each \$1,000 in farm personal income. This figure is down from a high of \$404.23 per \$1,000 in personal income in the 1980-84 period."

Obituaries

Lawrence W. Elsey

age 76 of Vero Beach, Florida former long time resident of Antioch, died September 16, 1989 in Vero Beach.

Survivors include his wife Rose of Vero Beach and his step-daughter Rosemarie Herkert of Antioch.

Contributions in his name may be made to VNA/Hospice, 1111 36th St., Vero Beach, FL 32960 and will be appreciated.

Richard E. Priess

formerly of Lake Zurich passed away September 13, 1989 in Los Angeles, California.

He was a graduate of Whittier College, California and USC where he received a degree in chemical engineering. He was employed at L.A.P.D. Scientific Division in California.

Survivors include his father, Elmer, his mother, Virginia, a brother, Vincent and a sister, Linda.

Burial was in St. Michael The Archangel Cemetery, Palatine. Funeral services were private.

Dorothy L. Keller

age 66 of Wauconda passed away Saturday Sept. 23, 1989 at her home.

She was born May 21, 1923 in Champaign, Illinois. She and her husband are owners of J. R. Circuit in Wauconda. She was a member of the Wauconda Moose Lodge and the American Legion Auxiliary in Wauconda and the Gold Star Mothers and the Messiah Lutheran Church.

She is survived by her husband, Lawrence one son Christopher and 2 daughters, Jean Keller and Dawn (Michael) Hill. 6 grandchildren and 1 sister Viola Williams and one brother Garrett Loesch also survive.

She was preceded in death by her son, Lawrence Jr. in 1969.

Funeral Services were held Wednesday Sept. 27 at the Messiah Lutheran Church with Reverend Charles R. Merkner officiating.

Interment at Wauconda Cemetery. Funeral arrangements were entrusted to the Wauconda Funeral Home.

In lieu of flowers, memorials may be made to the American Cancer Society or the Hospice of Northeastern Illinois.

Deadline for placing obituaries is Tuesday at 5 p.m. There is a small publication cost.

Obituaries placed by a private party must be prepaid. Call (312) 223-8161 for further information.

All you want is the facts...

so that you can make the decision on your own. When you call us for information about funerals, including pre-planning and pre-payment, that's just what you get: friendly advice and no obligation.

We take the time to answer all your questions, because it's part of our long tradition of service to area families.

When you must...call

Homes for Sale 50

ANTIOCH - Clean 2 plus bedroom home on beautiful lot bordering forest preserve across from Lake Marie. 1 1/2 car garage, great neighborhood, \$69,900. Jlm (312)223-7747. 50-39-44

Red-eyed parents need not sing the blues all night in the Brandon. The master bedroom anchors one end of the house, the kids' rooms anchor the other. In fact, the demilitarized zone between the teenagers' rumpus rooms and the parents' refuge consists of two rooms, four walls, and enough linear feet to satisfy any house rule on decibel levels.

The medium-sized Brandon also appeals to the retired couple who requires formality but grimaces at maintaining the massive square footage that normally accompanies it.

For them, this window-banked house - perfect for any city lot - features a formal dining room overlooking a flower garden and a sun-soaked living room. Accommodations for overnight guests are made easy with the three-bedroom design.

Be it a family or "empty nesters," the Brandon's form follows any function. It begins outside, past the flower garden, the tall living room windows and a nautical-like

bannister on the main roof that's seaworthy enough for any windship. Inside, guests enter a triangle: the family room at the top, dining room to the left, and living room with high ceilings on the right.

For family projects like laundry, the utility room sits right off the two bedrooms and stands ready for the boys' baseball socks or the girls' soccer clothes.

Meanwhile, wardrobe storage won't be a problem in the master bedroom. A gaping, walk-in closet awaits any matter of haberdashery or woman's fashion. A few feet away, a spa lies poised to deliver the soothing, knock-out punch to a tired body at the end of a long day.

For a study plan of the BRANDON (288-10), send \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

Owner Anxious To Sell

Church Talk

ISLAND LAKE

Isaiah 53 Ministries, a contemporary Christian musical group from McHenry, will appear at the First Community Church of Island Lake, 217 W. State St., as the major part of the 8 a.m. worship service on Sunday, Oct. 8. The group performs music of contemporary artists such as Amy Grant, Degarmo and Key and the Imperials, as well as original selections. For further information, call the church office at (312)526-7862.

First Community Congregational United Church of Christ has announced the appointment of Bob Williams of McHenry as choir director. Williams, whose parents are both avid musicians, will be responsible for direction of the adult, youth and cherub choirs for the church. The choir will perform at the 11 a.m. services, while the 8 a.m. service will feature contemporary worship music. Anyone with musical talent wishing to share is urged to contact the church.

LAKE VILLA

This Sunday night at the Chain of Lakes Community Bible Church, part six of a six-part film series will be presented. The evening's film is "Authority: Hope for a Talk-Back Fight-Back World." The film series is open to all, and begins at 6 p.m. at the church's temporary facility located in the Antioch VFW Hall on North Avenue. For more information, call the church office at (312)356-2090.

LIBERTYVILLE

From 7 to 9 p.m. on Friday, Saturday and Sunday, Sept. 29, 30 and Oct. 1, "The Living Bible" comes to life in Libertyville. Thirteen live scenes will be recreated on the lawn of First Presbyterian Church, 29 W. Maple Ave., with 855 actors and craftsmen and live animals presenting reenactments from the Bible. Admission is free of charge.

RICHMOND

A eucharistic vigil will be held at St. Joseph Church from 2 to 5 p.m. on Sunday, Oct. 8, sponsored by the Altar and Rosary Society. Mass at 2 p.m. will open the service. Everyone is welcome to attend this service at Rtes.

173 and 12 in Richmond. St. Joseph will also hold its fall rummage and bake sale from 9 a.m. to 4 p.m. on Wednesday, Oct. 11 at the school hall.

SUNDAY MORNING WORSHIP: 9:30 A.M.

The Parable of the Sower
Mark 4:1-20

SUNDAY EVENING SERVICE: 6:00 P.M.

NEW EXPECTATIONS

Decorate nursery with practical furnishings

by PAM NASLUND
Lakeland Newspapers
Parents expecting their third or fourth baby may not have time or energy for much beyond the basics, but it's fairly certain that

parents expecting for the first time will give a good deal of thought to the nursery and its furnishings. Linda Gosset of Karlyn Interiors in Libertyville says that most new parents

opt for a nursery that "looks like a nursery and feels like a nursery." Especially in beginning families, a nursery may be in use for five or six years.

Others may choose to look at the nursery as more than a nursery, rather as a room in which a child will probably spend at least eighteen years. And the first few hurry by all too quickly. Several new products

from furniture manufacturers provide versatility not available a few years ago. At The Stork Room in Red Top Plaza, Libertyville, three cribs are more than just cribs. Evenflo offers the "Orleans," a romantic white-enamel-on-steel design with an optional canopy. When the child has outgrown the crib, the sides become headboard and

footboard for a full size bed and extensions for the canopy are included.

Childcraft makes a contemporary-styled crib, available in white or wood finishes, that also has a convertible nature. When the baby reaches the age when he begins to climb out of the crib, one side may be completely removed and the mattress level lowered to eliminate the danger of

falling from any significant height. After the baby is quite through being a baby, a bolster and a few pillows transform the crib to a comfortable settee for the child's room or another setting altogether.

The "Crib 'n' Bed," also by Childcraft, has perhaps the cleverest configuration. This combination crib/storage unit is available in white laminate, with either pastel or primary trim colors and traditional wood finishes. A three-drawer unit at the foot of the crib removes completely or function as a night stand. The crib section becomes a youth bed by removing the sides and adding spring and mattress extensions that are included with the purchase. The youth bed will be appropriate for children up to five or six years old. Darlene Peterson, manager at The Stork Room, demonstrated a companion piece for the set—a dresser with removable changing table on top.

The Crib 'n' Bed is also carried at The Kids' Loft in Volo. The Kids' Loft is part of the Old Volo, Inc., complex on Rte. 120 just east of Rte. 12. Mike Grams, manager, said that even though infant beds are called "three-year-cribs," most children are climbing out of them by one-and-a-half years. If the Crib 'n' Bed doesn't seem right, Grams points to a Toddler Bed, made for over forty years by Nod-away that accepts a crib mattress. The traditionally styled bed, in white or honey oak finish, sleeps a child up to four years old. Even if a very young child rolls out of the bed, Grams says, there is not very far to go—the top of the mattress is only 11 inches off the floor.

Having a Baby?

Our Maternity Department staff would love to give you a personal tour of the newly renovated Department.

With our renovation project complete, we reinforce our commitment to family-centered maternity care. Large, private, lakeside rooms with showers, updated furnishings, and a pleasant decor will enhance the family's first experience with the new baby.

That's what we're all about — helping families experience the miracle of birth, of new beginnings.

To schedule your personal tour of the Maternity Department, call (414)656-3371. Find out why family-centered maternity care is the preferred childbirth experience.

Sequoits aiming to sting Zion

Antioch's football team may have been tempted to celebrate a little after a come-from-behind win over Lake Forest last week.

But all Del Pechauer had to say were two words to change the mood to determination.

Zion-Benton.

The Zee-Bees loom next for the Sequoits and if Antioch, 2-2, can knock off the 3-1 Zee-Bees, then the Sequoits could start thinking about playoff possibilities.

"Quickness. They play a very tough defense. The last couple of years the games have been tough," Pechauer said of Zion-Benton.

Antioch will be hoping running back Glen Graham can duplicate his effort from Saturday's game against Lake Forest. Graham, a senior, had 106 yards in 28 carries in the 28-26 win.

"He had an ankle injury during the week but we were sure glad he ran well," Pechauer said.

And run well he did, scoring Antioch's first three scores on runs of six, seven and three yards.

Lake Forest, which hosts Warren Sept. 30, countered with Mike Stamison scoring on runs of seven and one yard.

The Sequoits were the beneficiaries of Scouts mistakes to start and end the contest.

Fumbles set up both Graham's first score and a one-yard run by quarterback Rick Beattie which but the game away for Antioch with just under four minutes left.

"They run a wishbone and we were able to hit their quarterback just as he got the ball off," Pechauer said.

Beattie was six for 11 for 91 yards with Brian Becker and Mike Little both catching three passes.

Elsewhere in the NSC, Libertyville quarterback Jack Hendershot showed why he is a leading candidate for Most Valuable Player in the North Suburban Conference when he directed the Libertyville offense to a 41-point showing against Stevenson.

Hendershot and the rest of the wildcats will be hoping that kind of offense shown in the 41-25 win over the Patriots continues Sept. 30 when Libertyville hosts Fenton in a 2 p.m. game. The clash will be among the top two NSC teams as Fenton is 4-0 and Libertyville is 3-1.

Kickers regain form after state ranking

"This year, we're beating teams handily that we lost to last year," Antioch boys soccer coach Charles Trout said.

Trout is guiding a contingent which is gearing up for the final week of the regular season with a chance at the North Suburban Conference title. The Sequoits blanked Mundelein 3-0 for their third win in four NSC matches and fourth straight victory.

The Sequoits made the headlines earlier in the year with a fast 4-0 start and earning a state ranking.

"I think after we were ranked, we had a mental lapse," Trout, in his third year, said.

After losing to Lake Forest and Carmel following the ranking, Antioch has defeated Fenton, Glenbrook South and Zion-Benton.

Sequoits sports calendar

Upcoming events for Antioch sports teams:

Sept. 29: boys soccer, Round Lake, home, 4:30 p.m.

Sept. 30: boys and girls cross country, Antioch Invitational, home, 10 a.m.; girls field hockey, at Oak Park-River Forest, 10 a.m.; sophomore and varsity football, at Zion-Benton, noon and 2 p.m.

Oct. 2: boys and girls cross country, Zion, Lake Forest, home, 4:30 p.m.;

Oct. 3: boys golf at regional.

Oct. 4: girls volleyball, Fenton, home, 5 p.m.

Oct. 5: boys soccer, Libertyville, away, 4:30 p.m.

Oct. 7: boys soccer, Crystal Lake Central, home, 10 a.m.; boys and girls cross country at Lake County meet, Waukegan West host; girls tennis, North Suburban Conference at Fenton; football, sophomore and varsity, Mundelein, home, noon and 2 p.m.

Top runners

Antioch High School cross country teams both fared well at the Crystal Lake-Grant Invitational meet. The boys senior team finished first among 17 teams and the girls squad

placed fourth. Coach Jeff Dresser's teams will host their own invitational Sept. 30. - Photo by Steve Young.

Spikers attain goals, prepare for NSC

Antioch spotted the Wildcats a lead in the second game, leaving the many Sequoits boosters hoping the home team would get close.

But get close they did, as the Sequoits eventually won the second game on an ace by Teri Farnsworth.

"Everybody played well and did a real good job for us," Thompson said.

Farnsworth had a perfect night serving, 12-for-12 with two aces.

Setter Heidi Schmidke, a junior, had 14 good serves and 12 points.

The Sequoits did not start the game in fine fashion as two players were suspended and Deanna Hallwas, one of the few seniors on the squad, suffered an injury.

Thompson praised the large crowd as being a factor in the win.

Earlier, the Sequoits had no trouble downing Lake Forest 15-2, 15-4.

Elsewhere in the NSC, Mundelein girls volleyball Coach Dan Szymkowiak was a little concerned about the non-conference battle the team faced against Wauconda.

"I was worried because they had a 6-2 record coming in," the coach said.

No problem, the Mustangs told their coach. The hosts dominated the visitors from the west on Rte. 176 15-2, 15-5 to alleviate any concerns of a letdown after a strong St. Viator tournament showing and a big North Suburban Conference win over Stevenson.

Mundelein was near perfect in serving against the Bulldogs, 44 for 45. Cindy Shark led paced the servers with 13-for-13 with three aces and 10 points. Katie Magoon was 11-for-11 with seven points.

Ashley Struggles was eight-for-eight on hits with three kills while Shauna Kessel was six for seven and Karen Finerty was three for four and both had three kills.

Waiting for result

Libertyville and Antioch girls volleyball players await to see which way ball will come down. Antioch won North Suburban Conference match in two games. Antioch will host Crystal Lake Central in non-conference match Sept. 29. - Photo by Steve Young.

CLC offering open gym, two coaching workshops

Community members can use the College of Lake County Physical Education Center during special open gym nights on Fridays and Saturdays.

The gym will be open from 7 to 9 p.m. on Fridays while school is in session during fall and spring semesters for volleyball, basketball and

other activities. A \$1 fee will be charged to non-CLC patrons.

Saturday evening open gym hours 6 - 9:30 p.m. and are sponsored by the

CLC men's basketball team as a fundraiser. The \$1 charge for all patrons will benefit the team's drive to purchase new uniforms.

Also at CLC, the college will offer two coaching workshops on Saturday, Oct. 14 and Saturday, Oct. 21 from 9 a.m. to 1 p.m. sponsored by the American Coaching Effectiveness Program (ACEP). The workshops will be held in the CLC Physical Education Center in room 706 on the Grayslake campus. The fee is \$10.

Philosophy of Coaching will be presented by certified ACEP instructor Candice Brasile. This coaching certification program is a new program designed to aid coaches of young athletes to implement the philosophy, "Athletes First, Winning Second".

Upon completion of this course, coaches will receive a national ACEP certification in coaching that is recognized by area park districts, YMCA's and

other youth organizations.

Workshop participants should bring a pencil or pen and the textbooks "ACEP Coaches Study Guide" and "Coaching Young Athletes". Both books are available at the CLC bookstore.

Fee is \$6 and includes lunch. Participants must register before Oct. 19 if they wish to partake in lunch.

For more information, call the Physical Education Center at (312) 223-3600.

Going for a spike

College of Lake County volleyball player Teri Huntington goes for a spike during practice session. Coach Dianne VanderKooy looks on. Huntington, a Warren Twp. High School graduate, is one of two returning starters for Lancers this fall. VanderKooy, buoyed by a larger turnout, is hoping for a Skyway Conference championship this season.

Carmel on attack

Carmel volleyball players Tricia Feightner and Michelle Muellner team their efforts on this play at the net against Mundelein. Corsairs topped crosstown rivals in two games at Mundelein Monday. Mundelein is at St. Francis de Sales Sept. 30. - Photo by Joe Shuman.

Scouting report

Predictor shooting for another perfect week

By STEVE PETERSON
Lakeland Newspapers
It was a predictor's dream.
Six-and-zero.

Something says the predictor should quit while he is ahead with a 19-9 record, but here goes for week five as the Lake and McHenry County football teams play in the season's 'hump week'.

Friday, Sept. 30 games include:

Holy Cross at Carmel (2-2, 0-2), 7:30 p.m.: Holy Cross is a much improved team so Corsairs cannot think the 'hard' part of their schedule is over. Holy Cross is ahead of CHS in the ESCC standings. Matt Simmons

and Co., though, come through with a 10-point Homecoming win.

Wauconda (2-2, 1-1) at Grant (1-3, 0-2), 8 p.m.: It's Dion Niemo, Shawn Nohava and company against a struggling Grant offense which was shutout at the hands of Lake Zurich. Prediction: Wauconda by six.

Marian Central (4-0, 2-0) at Lake Zurich (3-1, 2-0), 7:30 p.m.: as one Lake Zurich player termed it, "this is our Super Bowl". Lake Zurich's defense has only given up one touchdown in the last three games but must find a way to stop the one-two

punch of Brian Huinker and quarterback Jim Parsley. Lake Zurich counters with an improving offense led by Scott Paschall at quarterback and Joe Leineberg at tailback. Prediction: Marian Central by 10.

Antioch at Zion-Benton, 2 p.m.: Antioch shocked Lake Forest 28-26 last week and Sequoias are looking for another strong game from running back Glen Graham, who scored three touchdowns against the Scouts. Antioch must stop Marsha Dixon of Zion, and few teams have. Prediction: Antioch goes over .500 mark with win by three.

Corsairs all set for Homecoming

When one first took a glance at the Carmel football schedule for 1989, it would be expected that the first two games on the East Suburban Catholic Conference slate would be tough assignments.

St. Patrick and Joliet Catholic are, after all, annual favorites in the ESCC. But the third foe, Holy Cross, is not usually considered at the upper echelon of the league.

Until now. Holy Cross has been turning heads in the ESCC with a strong 2-2, 1-1 start. The Crusaders will invade Carmel's Homecoming Sept. 29 coming off a 27-8 romp over St. Viator.

"They are the favorite. They have real good, tough defense and a deceptive offense," Carmel Coach Mike Fitzgibbons said of Holy Cross.

Fitzgibbons said the team has handled the distractions of Homecoming well. "So far we have been very focused," he said.

The Corsairs, 2-2 overall, are facing an almost must-win situation after a 22-6 loss at Joliet Catholic.

Carmel's woes started when the Corsairs ran up against the hurricane like winds. That, coupled with costly first-half turnovers led to a 13-0 Joliet advantage.

"They took advantage of their opportunities," Fitzgibbons said.

Jeff Meader started and ended the scoring for the home team and booted three field goals before the cold night was through.

In between, Joliet was paced by Matt Pellegrini and James Irby touchdown runs. Pellegrini's score made it 13-0.

Matt Simmons sparked Carmel's second half effort with a six yard run in the third quarter.

On defense, Fitzgibbons praised the play of Jim Maciag. The junior had 12 tackles and six assists.

CHS kickers ready for high noon loop clash

For some, turning 40 is a time of crisis. At least self-reflection.

But Carmel boys soccer team is one contingent which has no fear of the big "40". Just ask the Marist squad, which fell to CHS 2-0.

"It's something we talked about this week, but not something we think about every day," Carmel Coach Tom Ragen said of his team's regular season winning streak.

Carmel used Chris Mohr in goal twice in wins over Marist and then Lake Forest 3-1 to increase the record to 10-0-1 this fall.

Mohr played the two matches in place of Lars Larson, and the two have both been starting at different times this year.

"They do have a little different style, Chris is a little more conservative," Ragen said.

Against Marist, CHS broke a scoreless tie in the third quarter when Ken Konen scored the first of his two goals. He added a second in the fourth quarter.

Keith Stobart and Paul Ottolino were credited with the assists.

Against Lake Forest, Stobart, Matt Haurillo and Eric Wilkes tallied in the

first-ever soccer night game at Carmel.

Carmel earlier in the week won the Battle for Mundelein with a 2-0 win over the Mustangs.

Battle for position

Antioch's Vince Losacco (18) and Carmel's Justin Klestinski (25) battle for position during soccer contest. Carmel won battle of then state ranked teams 2-1. Corsairs face Notre Dame at CHS Sept. 30 in East Suburban Catholic Conference clash. - Photo by Steve Young.

CLC women runners start season with title

College of Lake County's men's and women's cross country teams have started the new fall season with a bang.

The Lancers' mens squad finished fourth at the Waubesa Invitational which started the new season. Danville won the meet with 53 points, followed by Waubesa 63, Lincolnland's 70 and the Lancers' 102. Milwaukee Area Technical College was fifth in the 10-team meet with 121 points.

CLC finishers were led by Bill Skupien of Antioch, who placed sixth overall on the five mile course with a 29:0. Sophomore Rick Barr of Mundelein was 16th overall with a 30:46 and John Russell was 18th with a time of 30:59. Todd Reiholec was 30th overall at 32:33. Christopher Farr was busy one this week as the team is at the Wombat

Invitational in Sheboygan, Wis. before returning to was 32d at 32:57 and Fred Thundershield was 34th at 33:12.

In the women's division, CLC won the meet by edging Danville by one point, 39-40.

Shelly Bazel was third overall with a 20:25 on the three-mile course. Jenny Wisniewski was fifth with a 22:30 and Janice Worch sixth with a 22:51.

The fourth CLC finisher was Sheryl Geary, who was eighth at 23:13.

"The fourth person really gave us an effort and sprinted to pass another runner," CLC Coach Darryl Johnson said.

Johnson, a chemistry teacher at CLC, is in his first year as cross country mentor.

The cross country slate is face Danville at the Danville invitational Sept. 30.

CHS wins crosstown battle

Pulling away in the latter stages of the second game, Carmel's girls volleyball team took the annual bragging rights for Mundelein - for another year.

The Corsairs, who eliminated the Mustangs from the regional tournament last year, won the match at MHS 15-7, 15-11. The non-conference win gave the Corsairs a 7-3 overall mark.

Agency will continue Chain water patrols

Chain O' Lakes / Fox River Waterway Management Agency will continue to assist the sheriff's departments of Lake and McHenry Counties in providing adequate police protection on the sprawling waterway shared by the two counties.

Both sheriffs have cited budget constraints as making it difficult in the future to operate full service water patrols.

Agency Chairman John Soffietti said he hopes intergovernmental agreements can be worked out to continue water patrols necessary for safety.

"We had one of our better boating seasons, from a safety view," Soffietti remarked at an agency meeting at the Fox Lake Village Hall. There were no deaths, there were less driving under

the influence cases, and boating collisions were mostly "bumps and bruises," he stated.

As of Sept. 20, the Lake County Sheriff's Water Patrol issued 848 tickets, of which 358 were for user fee violations. McHenry deputies issued only a fraction of these tickets because they patrol a smaller area, basically the river portion above and below the McHenry Dam on the Fox River.

Boating safety will be enhanced next year when a 28-foot pontoon boat powered by a 150-hp motor, a gift from Outboard Marine Corp., will be put into service. The craft will be used as an accident response boat and will be equipped with electronic gear purchased with a cash donation from

the National Marine Manufacturers Assn.

Besides sheriff's marine units, the Chain system also is patrolled by Dept. of Conservation police and the U.S. Coast Guard Auxiliary.

PADS Opens

The Lake County PADS (Public Action to Deliver Shelter) program is ready to reopen on Sunday, Oct. 1. Volunteers from Lake County will be providing food, shelter and hospitality to the homeless. This season there will be nine sites. Shelter will be provided seven nights a week at various sites located throughout the county. Volunteers are need to staff the shelter sites. For further information or to volunteer call Connection at (312)362-3381.

4-Hers to celebrate

October 1-7 Marks the observance in Lake County of National 4-H Week. Nearly five million youth ages 8-19 participate in 4-H nationwide, including 140,000 in Illinois and 2,275 in Lake County, through 4-H clubs, schools, and community programs.

Activities planned for the week include a Window Display contest by clubs throughout the county. Exhibits will be placed in store windows, schools and libraries to promote the program while displaying 4-H member achievements.

A volunteer leader training workshop on leadership skills and food/nutrition will take

place in the auditorium of the Cooperative Extension Service on Wednesday, Oct. 4, from 7-9 p.m. The program is free and open to the public; reservations can be made by calling CES at (312)223-8629 by Sept. 29.

The goal of the youth development education program of the University of Illinois Cooperative Extension Service is to help youth learn skills from living. These life skills are developed through 4-H project work as well as the program's new emphasis on youth issues such as teen pregnancy, drugs, alcohol, literacy and dropouts, stress and suicide.

Carmel High sophomores name officers

The sophomore class of Carmel High School has elected its class officers for the 1989-1990 school year. Co-presidents are Joseph O'Malley, a graduate of St. Mary's School in Buffalo Grove and Beth Lacke, a graduate of Immaculate Conception in Eau Claire, Wis. O'Malley is a two year

member of the football team and received numerous awards for his academic work his freshmen year at Carmel. Lacke is a member of the Drama Club, the Video Club, Respect for Life, and the Spanish Club.

Class vice-president is Christine Bertaud of Libertyville. Bertaud, a

graduate of St. Joseph's School, was active in Carmelaires, Respect for Life, the French Club and the school's literary magazine. Matt Mokszycki, a graduate of St. Anne's School in Barrington, is the class treasurer. Mokszycki is also a two year member of the football team as well

as baseball. He also participates on the intramural volleyball team.

Recording secretary is Charles Kranz of Mundelein, a graduate of Santa Maria School. Kranz is a two year member of the football team as well as the wrestling and track teams his freshmen year. He also

worked on the stage crew for the Student Show at "Street Scenes." Becky McCall is the class corresponding secretary. McCall graduated from Transfiguration School in Wauconda. She was a member of the track team, the art club, and the Respect of Life chapter.

Students are elected to the positions of class lead-

ership after campaigning for the office among their classmates.

The work of the class officers includes sponsorship of school dances, including the popular "Turnabout" held in March, as well as activities during Spirit Week and the Ring Ceremony to be held in April.

Metcalf wins solo competitions

Katie Metcalf, daughter of Kevin and Eve Metcalf of Gurnee, has been honored by being chosen as a finalist in the 'Four Score Solo Talent Competition' at the 1989 Regency Talent Inter-

national Championships held in July in St. Louis.

To be eligible to compete for this prestigious award, Katie had to perform five solo dances at a preliminary competition

held earlier this year. Katie performed solos in the following categories: ballet, tap, jazz, acro, and character. She received a first in each of these categories, which made her eligible to

compete at the International Championship.

At the International Championship, Katie was very successful. She was awarded five first places in ballet, tap, jazz, acro and character.

For the 'Four Score Solo Championship' Katie was especially successful in the ballet-pointe category. Katie was then selected as one of the top twelve finalists in the Four Score Category. At the final competition, Katie received a prestigious sixth place.

Katie is currently a freshmen at Warren High School where she is a Blue Devil Cheerleader.

Katie studies dancing at the Kim Kalia Studio of Dance in Lake Villa and has been involved in various ballet productions locally.

Purchase stickers by Sept. 30

Secretary of State Jim Edgar is reminding passenger car owners who have license plates expiring in September to buy their renewal stickers at a Secretary of State vehicle facility in Springfield or Chicago or at a financial institution that sells stickers. It is now too late to mail applications and guarantee delivery of stickers before the Sept. 30 expiration date.

The new, orange sticker is attached to the back of the ID card. Simply place the sticker over the current sticker at the bottom of the rear plate.

Approximately 690,000 pre-printed renewal applications have been mailed to passenger car owners who renew their stickers in September.

Setback amendment wins consent from trustees

Gurnee Village Board has approved a plan which could protect future golfers from the elements at Gurnee Golf Center.

The board approved a plan for a canopy over 11 driving tees. The Gurnee Plan Commission had

given a favorable recommendation to the plan for the golf center to be built off Greenleaf St.

Also, a 30 x 30 foot building on the site was approved.

In other business, the trustees approved 2 to 6

p.m. as hours for trick or treat in the village as recommended by Gurnee Police Chief Larry Dluhos.

-amended a planned unit development agreement with Kensington Court's townhome project. The amendment clarifies the

necessary setback requirements along the future Brookhaven-Blackstone street extension. A 33 foot setback from the Blackstone-Brookhaven right-of-way will be required for buildings having walls parallel to the street. This was pursued in order to lessen the appearance of a wall mass near the road, according to Gurnee Asst. Admin. Jon Wildenburg.

Kensington is being developed by Westfield Homes.

-approved a reduction in the letter of credit for the

Riverside Development to \$86,000.

-approved the request for public benefit participation on Jeffrey Ave. extension. The estimated cost is \$10,491.50. This amount is based on 50 percent of the total costs which Paul Seday incurred on the project.

-acknowledged a thankyou letter from North Shore Sanitary Dist. for use of the village hall for meetings during the district's construction period. -approved R-4 zoning for property owned by Robert Jaworski at Northwestern

Ave. from R-2. Plans are for duplexes on the property.

Parenting Preschoolers

Neuropsych, a psychiatric group practice with offices in Gurnee, Libertyville, Highland Park, Lake Zurich and Chicago will be offering a free community seminar entitled "Parenting the preschool aged child" at the Gurnee office, 101 Greenleaf, from 7 to 8:30 p.m. on Thursday, Sept. 28. For more information contact Vera Loftin at (312)360-9199.

Mundelein firm buys Streeter-Amet building

The former Streeter-Amet building at 155 Wicks St. in Grayslake has been

purchased by Traditional Millwork & Supply Inc., of Mundelein.

President Edward J. Fier Jr. anticipates moving into the building in late December or early January. The firm is a custom maker of millwork, pre-hung doors, building supplies and windows and trim. The company currently employs 32 people and Fier expects to add 12-15 employees after the move is complete.

Grayslake Village Magnager Mike Ellis said the deal was finalized three weeks ago.

Ellis said the building had never been totally vacant.

In other village news, a workshop on the 1990 census project will be held Wednesday, Oct. 4 from 9 to 10:30 a.m. in the Grayslake Community Room.

The workshop will briefly outline the financial and political importance of the census and ways to ensure an accurate count and how residents can make the census a success.

For more information, call the village hall at (312) 223-8515.

10th Anniversary

Lakeland Apartments will be celebrating its 10th anniversary on Sunday, Oct. 1. Of the 112 residents, 41 have been there for the entire 10 years. Lakeland Apartments, the only senior housing in Fox Lake is owned by Dell Corporation of Northbrook. It has 104 apartments.

Woman's club members to talk 911, library tax

Members of the Gurnee Woman's Club will be able to learn about two upcoming election issues at the next meeting.

The club will meet at 7:30 p.m. on Oct. 2 at the Gurnee Community Church. The public is invited.

Gurnee Fire Chief Tim McGrath will explain the enhanced 9-1-1 issue which is before voters in the Nov. 7 election.

Also, Barbara Chernik, Warren-Newport Public Library director, will discuss the library referendum.

THIS WEEK'S

HOROSCOPE

By Joyce Jillson

Weekly Tip: Most likely an unstable, unpredictable and weird week.

Aries (March 21-April 19) Try your best to please others this week. Unpredictable job conditions on Monday.

Taurus (April 20-May 20) A long-distance romance could be temporarily interrupted this week. Wednesday and Thursday find you humming right along — material gains.

Gemini (May 21-June 21) Keep tabs on your partner's spending habits. Your analytical powers come in handy on Wednesday and Thursday.

Cancer (June 22-July 22) You're full of fuzzy warm feelings this week. Wednesday and Thursday is full of boring but necessary tasks.

Leo (July 23-Aug. 22) Moon in Leo favors you the first two days of the week. Guard against emotional breaks.

Virgo (Aug. 23-Sept. 22) Get a few extra winks of sleep this weekend. Tuesday/Thursday are perfect for you.

Libra (Sept. 23-Oct. 23) Friends may not come through for you Sunday or Monday. More behind-the-scenes stuff to straighten out on Wednesday.

Scorpio (Oct. 24-Nov. 21) Do your best to please an unpleasant boss on Monday. Wednesday/Thursday take advantage of excellent social connections.

Sagittarius (Nov. 22-Dec. 21) Long-distance travel plans may have to be postponed. Go for the results not the glory on Wednesday.

Capricorn (Dec. 22-Jan. 19) Your current job could really get to you this week. Wednesday finds your temperament cooling out, mellowing.

Aquarius (Jan. 20-Feb. 18) Temperamental partners could confuse you with their ambivalent messages. Let them work things out on their own.

Pisces (Feb. 19-March 20) Hold onto your dreams even if you get a bit bruised by life. Keeping a low profile is recommended Tuesday/Thursday.

If You Were Born This Week

Jupiter in Cancer will bring you a wealth of friends this year. Put finances in order in October. Profits come from new ventures/partnerships. Traveling is in store for November for both business and pleasure. If creative, put your ideas into form; by December they're accepted. Focus on group activities as much as possible.

PUBLIC NOTICE WARREN TOWNSHIP

Notice is hereby given that sealed proposals will be received at the office of The Town Clerk, Warren Township, at 17801 W. Washington St., Gurnee, IL 60031 until 10:00 o'clock a.m. on Monday, Oct. 23, 1989 for the construction of the addition to the administrative offices of the Highway Department of Warren Township. The project to consist of a one-story addition of approximately 1,100 sq. ft. to include general construction, mechanical, electrical and plumbing trades and be awarded as a single stipulated sum contract.

A fifty dollar (\$50.00) refundable plan deposit will be required for four sets of drawings and one set of specifications and bid documents. Additional plans may be purchased for twelve dollars (\$12.00) per set. A performance bond will be required. No bid bond required.

Proposals shall be addressed in a sealed envelope to: Frank G. Thomas, C/O James M. Sammon, Town Clerk, 17801 W. Washington St., Gurnee, IL 60031.

The Township, in accordance with the laws of the State of Illinois hereby notifies all bidders that it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest qualified bidder without discrimination on the basis of race, color or national origin.

By Order of
Frank G. Thomas
Warren Township
Highway Commissioner

PUBLIC NOTICE VILLAGE OF GURNEE

Municipality Village of Gurnee
Township Warren
County Lake
Project No. 3008-89

NOTICE TO CONTRACTORS

Time and Place of Opening of Bids
Sealed proposals for the improvement described below will be received at the office of The Village of Gurnee, Illinois until 10:00 o'clock A.M. October 19, 1989. Proposals will be opened and read publicly at that time.

Description of Work

Name: Village Wide.
Location: Illinois Rte. 21 from Ridge Drive to Prairie Oak Drive; Great America Parkway from Rte. 132 S. to Cedar Avenue; Boulevard - R.O.W. from Grandview to Grandville.

Proposed Improvement: Approximately 14,000 square feet of sidewalk.

Bidders Instructions

1. Plans and proposal forms will be available in the office of The Village Engineer, 4573 Grand Avenue, Gurnee, Illinois 60031.
2. All proposals must be accompanied by a proposal guaranty as provided in Article 102.09 of the "Standard Specifications for Road and Bridge Construction," prepared by the Department of Transportation.
3. The awarding authority reserves the right to waive technicalities and to reject any or all proposals as provided in Article 102.08 of the "Standard Specifications for Road and Bridge Construction," prepared by the Department of Transportation.

PUBLIC NOTICE TO BIDDERS

Time and Place of Bid Opening: Proposals for the work described herein will be received at the office of the Village Clerk, Village of Grayslake, Lake County, Illinois until 2:00 p.m. October 9, 1989.

Description of Work: The proposed work is officially known as the Pheasant Drive Curb Rehabilitation Project, further described as approximately 325 lineal feet of curb and gutter removal and replacement, adjustment of 4 catch basins, approximately 35 sq. yds. of bituminous driveway pavement removal and replacement, approximately 25 sq. ft. of P.C.C. sidewalk removal and replacement, approximately 110 sq. yds. of sod, and approximately 110 sq. yds. of full depth pavement and removal.

A. Instructions to Bidders: Plans may be obtained from the Village of Grayslake, 164 Hawley Street, Grayslake, Illinois 60030.

B. All proposals must be accompanied by a bid bond, bank cashier's check, bank draft, or certified check for not less than five (5) per cent of the amount of the bid, or as provided in Section 102-08 of the "Illinois Department of Transportation Standard specifications for Road and Bridge Construction in Illinois."

Rejection of Bids: The Village reserves the right to waive technicalities or to reject any or all proposals as provided in Division 1, Section 2-8 and 2-12 of the "Illinois Department of Transportation Standard Specifications for Road and Bridge Construction in Illinois," adopted July 1, 1988.

Strictly for Seniors

Seniors select king, queen

by VINCE VITTORE
Lakeland Newspapers

Edward Urbanski of Lake Villa and Leone Hale of Park City were crowned king and queen at the Lake County Seniors Day picnic at the Lakewood Forest Preserve.

Urbanski, a retired teamster, stays active by participating in the activities of the American Association of Retired Persons (AARP).

Hale, a native of Minnesota, continues to operate an insurance agency that specializes in servicing the needs of people in mobile homes.

"It keeps me in touch with people," she said.

Drivers Test

Behind-the-wheel tests will no longer be required for persons ages 69 to 74 applying for or renewing driver's licenses in Illinois, under a new law co-sponsored by State Sen. Adeline J. Geo-Karis (R-Zion). Approved by Gov. James Thompson, SB 513 eases the mandatory testing requirements for senior citizens. There are no statistics to prove a need for testing at age 69, Sen. Geo-Karis said.

Both Urbanski and Hale received jackets from Victory Memorial Hospital in honor of them being picked. In addition, Urbanski was given a clock radio and Hale was given a bouquet of flowers.

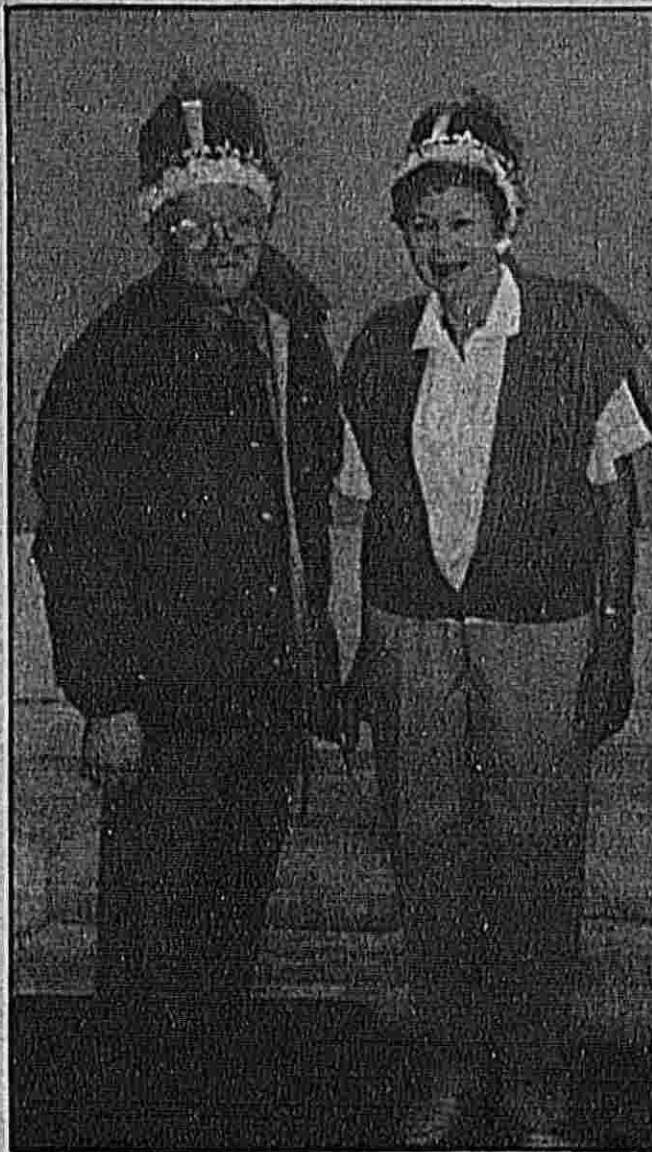

Urbanski, who moved to Lake County in the 40's, said his greatest joy in life comes from playing with his seven grandchildren.

Hale, who spends half of the year in Florida, said she always tries to keep a positive outlook on life.

"It's a privilege to be able to grow old," she said. "I choose to say the glass is half full instead of half empty. The greatest thing in life is to be average."

Both Urbanski and Hale said they moved to Lake County for the rural atmosphere it offers, but both added that they are concerned with the booming development. Hale said she was particularly fearful of what continued development will mean to Lake County farmers.

"I have a fear that we're going to lose our farmers," she said. "The farmers are the basis of our good life."

Edward Urbanski and Leone Hale
